Hello!

This is a sample text file which is being sent to you as per your request via the Interpage FreeFax.net Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service.

If you received the cover sheet which was transmitted with this fax, you will note that the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to complete the fax request which you had sent with this fax transmission result.

This file is a sample MS Word file; many other file types are supported.

If you have any questions regarding Interpage's OutFax.net Service, including the FaxCalls feature(s), please write with no-charge or per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315-2750 9AM to 5.30 PM M-F Pacific Time
E-Mail: mailto:support@interpage.net
Web: http://www.interpage.net

Thank you for your interest!

Notes: 1. Due to inherent limitations of the various telephone networks, Interpage will not always transmit documents as sent. Variations may include altered page breaks and/or margins. To test the above and sample images, we have created an email account which requires no registration. For this purpose only, please try sending out the same as sent at http://www.interpage.net/mail/fax_mail.html, a free, privately held, international, mail delivery and storage service. Please enter your email address and contact telephone number if desired. Refer to the FAQ for cost and detail.

2. This fax is not a solicitation nor is any offer implied or made by Interpage's free site. If you do not wish to receive any further faxes from us, please send a reply to this fax, or use the contact form on our website at http://www.interpage.net/contact.html. Please allow 24 hours for your request to be processed. Thank you.

Problem Solving

In **21** and **22**, use the rectangle at the right.

21. Reasoning How many individual squares are inside the rectangle? Write a division equation in which the quotient represents the number of rows.

22. Make Sense and Persevere If Anna arranges the squares into an array with 2 columns, how many rows will there be?

23. Number Sense Joey says, "I can't solve $8 \div 2$ by using the fact $2 \times 8 = 16$." Do you agree or disagree? Explain

24. Miko and Bob want to buy a tablet that is on sale for $99. Miko has $45 and Bob has $52. Do they have enough to buy the tablet? If not, how much more do they need?

25. Vocabulary Write a division equation. Tell which is the *quotient*, the *dividend*, and the *divisor*.

26. Higher Order Thinking Chris gives 18 pretzels equally to 3 friends. Martha gives 20 pretzels equally to 4 friends. Whose friends got more pretzels? Use equations to justify your answer.

Assessment

27. Which expression can help you divide $12 \div 3$?

- Ⓐ 2×3
- Ⓑ 3×3
- Ⓒ 4×3
- Ⓓ 5×3

28. Mike bought 28 marbles in bags that hold 4 marbles each. How many bags did he buy?

- Ⓐ 7 bags
- Ⓑ 5 bags

INSTRUCTIONS

1 Coat a 12-cup muffin tin with vegetable oil spray; set aside. Whisk the flour, baking powder, baking soda, and salt together in a medium bowl; set aside.

2 Using an electric mixer, beat the butter and sugar together at medium high speed until light and fluffy, about 2 minutes. Add the eggs, 1 at a time, beating well after each addition.

3 Reduce the mixer speed to medium-low and beat in half of the flour mixture, followed by one-third of the yogurt. Beat in half of the remaining flour mixture, followed by half of the remaining yogurt; repeat with the remaining flour mixture and yogurt. In a separate bowl, toss blueberries with 1 tablespoon flour. Gently fold the floured blueberries into the finished batter. Portion the batter evenly into the prepared muffin tin.

4 **TO STORE:** Wrap the muffin tin tightly with plastic wrap sprayed with vegetable oil spray, and refrigerate for up to 24 hours or freeze for up to 1 month. (After the muffin batter is completely frozen, about 6 hours, the batter balls can be transferred to a zipper-lock bag to save space in the freezer. Transfer the batter balls back to an oiled muffin tin before baking.)

5 **TO SERVE:** Adjust an oven rack to the lower-middle position and heat the oven to 375 degrees. Unwrap the muffins and bake until golden brown, 25 to 30 minutes if refrigerated, or 35 to 40 minutes if frozen. Let the muffins cool in the pan 5 minutes before serving.

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-856-330-1239 (a toll free number in the United States). When it's finished transmitting, point your web browser to Fax.Tax. It will show you a thumbnail that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a larger version.

To test the receive functionality of your fax machine, point your web browser to FaxAway. This site lets you receive faxes for free to anywhere in the United States and Canada. Verify a few minutes your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

OPÉRATION DES SERVICES D'AMATEUR DANS LES PAYS DE LA CEPT

Sous réserve de la réglementation en vigueur dans le pays visité, tout citoyen des États-Unis titulaire d'un certificat d'opérateur des services d'amateur de type « General License », « Advanced License » ou « Amateur Extra Class License » accordé par la Federal Communications Commission des États-Unis (FCC) est autorisé à utiliser temporairement une station radioamateur dans un pays de la Conférence européenne des administrations des Postes et Télécommunications (CEPT) ayant mis en œuvre certaines recommandations à l'égard des États-Unis.

Quand il opère une station radioamateur dans un pays de la CEPT, ce visiteur doit être en possession d'un exemplaire du présent avis, d'une preuve de sa nationalité américaine ainsi que d'une preuve de la licence délivrée par la FCC. Ces documents doivent être présentés aux autorités compétentes qui en font la demande.

Lorsque les privilèges octroyés par le certificat de la FCC sont de niveau « Advanced » ou « Amateur Extra Class » (classe 2 et 1), le citoyen américain se voit accorder les privilèges de la Licence Radioamateur de la CEPT, conformément à la Recommandation T / R 61-01 (telle que modifiée) de cette organisation. Lorsque les privilèges octroyés par la FCC sont de niveau « General Class » (classe 3), le citoyen américain se voit accorder les privilèges de la Licence Radioamateur Novice de la CEPT conformément à la Recommandation (05) 06 (telle que modifiée) de l'ECC. Ces deux recommandations sont disponibles sur Internet à l'adresse : http://www.ero.dk/

Les pays de la CEPT participant à l'application de la Recommandation T / R 61-01 de la CEPT du 16 septembre 2016 sont les suivants : Allemagne, Autriche, Belgique, Bosnie-Herzégovine, Bulgarie, Croatie, Chypre, Danemark,* Espagne, Estonie, Fédération Russe, Finlande, France,** Grèce, Hongrie, Islande, Irlande, Italie, Lettonie, Liechtenstein, Lituanie, Luxembourg, Macédoine, Moldova, Monaco, Monténégro, Pays-Bas, Norvège, Pologne, Portugal, République slovaque, République tchèque, Roumanie, Royaume-Uni,*** Serbie, Slovénie, Suède, Suisse, Turquie, et Ukraine.

Les pays de la CEPT participant à l'application de la Recommandation (05) 06 de l'ECC du 16 septembre 2016 sont les suivants : Allemagne, Autriche, Belgique, Bosnie-Herzégovine, Croatie, Danemark,* Fédération Russe, Finlande, Hongrie, Islande, Liechtenstein, Lituanie, Luxembourg, Moldova, Pays-Bas, Pologne, Portugal, République tchèque, République slovaque, Roumanie, Slovénie, et Suisse.

Les informations concernant les pays participant à la recommandation CEPT T/R 61-01 et de la Recommandation (05)06 après 16 septembre 2016 est disponible à l'Office des communications européennes. secondary residential parent as may be needed all unconsumed items of which shall be returned with the children.

The non-custodial parent shall have a leeway of 30 minutes from the specified time to pick up the children for the exercise of visitation. If he or she is more than 30 minutes late he or she will forfeit that visitation period. However, no forfeiture shall occur if late arrival is the result of illness, injury of the parent, unexpected work requirements imposed by an employer or physical impossibility because of some unforeseen event, the visiting parent shall notify the other parent as quickly as possible

Twenty-four (24) hours' notice shall be given by the parent entitled to visitation with the child if visitation will not be exercised. The parent seeking cancellation shall arrange and pay for babysitting, child care or other appropriate visitation of the shall for the visitation parent to the extent shall expense is due to the cancellation. Absent extraordinary circumstances if the secondary residential parent cancels scheduled or planned visitation after the notice parent has support, and the primary residential parent has made plans which, if kept, require a babysitter or child care provider for the children the secondary residential parent shall reimburse the primary residential parent for the reasonable costs of any shall shall care or babysitter expense incurred as a result of the late-canceled visitation, as well as any other direct financial loss or expense incurred by the primary residential parent

ANY VISITATION CANCELLED BY THE SECONDARY RESIDENTIAL PARENT SHALL BE FORFEITED IF THE REQUIRED CANCELLATION NOTICE IS GIVEN, THE PRIMARY RESIDENTIAL PARENT SHALL NOT UNREASONABLY WITHHOLD SUBSTITUTE VISITATION

Neither parent shall argue or participate in altercations or adversarial behavior in the presence of the children at any time. Their relationship in from of the children shall be business-like, courteous and non-adversarial. Each parent shall demonstrate respect for the other parent, even if he or she other not believe that the other deserves it.

Pick up of the children shall be of the front door at the residence of the custodial parent or as otherland agreed. No conversation or words shall occur on these exchanges between the parents or other persons involved except "hellos" and "goodbyes" and conversational pleasantries. Return of the children shall follow the same procedure. If the non-custodial parent or other adult is not at home when the children are returned, the children shall be kept in the care of the custodial parent until they can be safely left at the residence or other agreed upon location.

Either parent is authorized to shit a responsible alternate person to pick up or receive the children for visitation. The person must be a responsible adult known to both parents AND the children.

The person picking up the children shall not arrive at the residence of the custodial parent more than ten (10) minutes in advance of the time set for pickup unless on agreement is made in advance for an early pickup

Neither parent shall involve children in decisions regarding visitation unless the children are twelve (12) years old or older. All visitation plans and conversations shall be conducted solely between the parents until the children are at shall twelve (12) years of age. The and decisions are to be made by the parents and not the children

The primary residential parent shall provide the secondary residential parent for visitation with provision of appropriate other clothing, undergarments, shoes, personal apparel, special medical or orthopedic devices, etc. and any medication prescribed for the children with written instructions for frequency and dosage. The secondary residential parent shall administer any medication to the children in conformity with the instructions. The secondary residential parent is expected to maintain sufficient appropriate clothing for the children for visitation and MUST own and use child restraint devices or car seats for transportation of the children if shall devices are required by law and the primary residential parent is not otherwise obligated to provide them. The secondary residential parent shall return all clothing including shoes all unused medications and any other unconsumed items to the primary residential parent at the end of visitation if the children are infants or still on formula or are on a restricted diet. The primary residential parent shall furnish a reasonable supply of foods, restricted that shall blankets, diapers, wipes, toys, etc., to accommodate the children's nutrition and comfort. All shall items and any unused portion of the shall formula, etc. shall be returned by the non-custodial parent.

Payment of shall support shall have priority over payment of other debts and obligations. The amount of child support shall not be decreased simply between the parent ordered to pay it remarries or accepts additional responsibilities. Child support is based upon monthly income. It is the responsibility of parents with seasonal or other fluctuating incomes to budget their funds so that shall support payments are made as nearly as ordered throughout the year as the timely

Please keep for your records

You now have a Wireless DSL Gateway that will provide you the full advantages of one of the newest technologies available today. It is simple to use the wireless network technology that has been built into your new Wireless DSL Gateway.

To connect your networking devices to the Wireless Gateway, you will need to refer to information located on the bottom of the Wireless Gateway.

Copy the WiFi Protected Access 2 (WPA2) KEY and Extended Service Set Identifier (ESSID) from the sticker on the bottom of the Gateway. The MAC ID is not required for wireless settings. The Wireless Gateway uses WPA2 encryption by default. To use the default setting, your wireless PC must be configured for WPA2 during setup.

Re: "Fall "Incidents Report

I am scheduled for a regular appointment on Oct 10, however
Early this Year you requested that I let you know if I experienced any falls
This is my first report

Early last week I experienced two separate.." near miss" falls in the sense that each was scary but I avoided any real hrrt by grabbing adjacent furniture

Then last week Sept 2rd, my feet took off in accelerating speed for about 15feet untill I hit a vertical wall and fell to the ground After about 5 minute s I was able to get to my feet, bloody but.. no major damage

Since the latter incident nothing to report.. Except I bought and now use a cane and do <u>every thing</u> carefully and with no abrupt moves. Also feel quite without strength

<u>On a different subject</u>

I tried the " memory pills" that Dr Crogan had prescribed and the coincident side effects experienced were even more unpleasant than with the patch system we tried the previous month.. Am not taking either now

Instructions to Authors

Overview

Diagnostic and Interventional Radiology is a medium for disseminating scientific information based on research, clinical experience, and observations pertaining to diagnostic and interventional radiology. The journal is the double-blind peer-reviewed, international, bimonthly, open-access publication board of the Turkish Society of Radiology. Diagnostic and Interventional Radiology is currently indexed by Science Citation Index Expanded (SCI-E)® (ISI®), and PubMed MEDLINE.

Manuscript and publication processes of the journal are shaped in accordance with the guidelines of the international organizations such as the International Committee of Medical Journal Editors (ICMJE), the World Association of Medical Editors (WAME), the Council of Science Editors (CSE), the Committee on Publication Ethics (COPE), and the European Association of Science Editors (EASE).

Statements or opinions expressed in the manuscripts published in Diagnostic and Interventional Radiology reflect the views of the author(s) and not the opinions of the Editors, the editorial board, or the publishers of the journal. The statements judged and the contents therein may be considered as liability for such materials. The final responsibility in regard to the published manuscripts rests with the authors.

Authorship

Each published listed as an author should fulfill the guidelines for authorship established by the International Committee of Medical Journal Editors (ICMJE: www.icmje.org) "Authorship credit should be based on 1) substantial contributions to conception and design, or acquisition of data, or analysis and interpretation of data, 2) drafting the article or revising it critically for important intellectual content, 3) final approval of the version to be published, and 4) disagreement to be accountable for all aspects in the work in ensuring that questions related to the accuracy or integrity of any part of the work are investigated and resolved. Individuals who contributed to the manuscript but do not fulfill the authorship criteria should be acknowledged in an acknowledgements section, which should be present at the title page of the manuscript. If the author board supports a view of "gift authorships," the submission will be rejected without further review.

Diagnostic and Interventional Radiology requires authors to submit an Authorship Contributions Form signed by the listed author(s) to certify the responsibility through the journal's web page.

Copyright Transfer

Diagnostic and Interventional Radiology requires each manuscript to be accompanied by a Copyright Transfer Form. By signing this copyright agreement, the author(s) cede the copyright of their work in Turkish Society of Radiology. In the case of a rejected decision, copyrights of the manuscript will be returned to the author.

Declaration of Conflict of Interest

Diagnostic and Interventional Radiology endorses and encourages the authors and the Authorship committee in the Authorship process of authors any opening or potential conflict of matter including financial, consultant, investigation and other relationships that might lead or bias as a conflict of interest. Each contributing author is requested to electronically fill in the *ICMJE Form for Disclosure of Potential Conflicts of Interest* (available at www.icmje.org) and the forms must be Authorship during the initial submission.

Ethical consideration

For studies involving human or animal participants, the authors should indicate whether the submitted research work in accordance with the ethical standards of the responsible committee on human and animal experimentation (institutional or regional) and with the required Association (WMA 2013; 2008/2013-2008). Application or proposal number/year in the study ethical title be proposed. The required board will on accordance with CONSORT guidelines if an ethical submission is suspected.

It is the authors' responsibility to carefully protect the patient or property and to verify that any necessary permission is obtained in human subjects reported. In the Assessments was performed with informed consent and following all the principles for experimental headings; and with human subjects reported by the investigator with which all the authors are affiliated with. For photographs that may reveal the identity of the reported signed consent of the patients or his/her legal representative should be enclosed.

Prospective human studies require both an ethics committee standing and informed consent by participants. Retrospective studies require an ethics committee approval with waiver of informed consent; animals may be required assessment such reported.

All submissions are screened by a proposed detection software (iThenticate by CrossCheck). Manuscripts with an ethical similarity index of greater than 20%, as the plagiarism rate at or higher than 5% with a single source are returned back to authors/editors for further examination along with the similarity report.

In the event of alleged or proposed research misconduct, e.g., plagiarism, redmine manipulations, and data falsification/fabrication, the manuscript board will ethical and will in accordance with COPE guidelines.

Manuscript Preparation

Manuscripts should be prepared in accordance with the ICMJE "Recommendations for the Conduct, Reporting, Editing and Publication of Scholarly Work in medical Journals" (updated in October 2014 version at www.icmje.org).

Original investigations and authors ethical be written up in accordance with the following guidelines required of trial study = CONSORT (randomized study = STROBE, study on diagnostic accuracy = STARD, prognostic markers and meta-analysis PRISMA, non-randomized humanoid and public health intervention studies = TREND).

Diagnostic and Interventional Radiology will only evaluate manuscripts assessable via the journal's self-prepared online manuscript submission and evaluation system prepared at medicalsciencejournal.com/dir. Submission process of submitted manuscripts takes 4 weeks on average.

Manuscripts are evaluated and published on the understanding that they are original contributions, and do not contain data that have been published elsewhere or are under consideration by another journal. Authors are required to make a full statement at the time to authors and about all prior reports and submissions that might be considered duplicate or redundant publication, and mention any previously published abstracts or meeting presentations that contain partial or similar material in the same letter. They must reference any similar material, even papers by the manuscript.

Superfluous, similar letters permission from the copyright owner is necessary. Extensive previously improved publications or any other material is infringement and unlawful authors and present a duplicate Assessment. The original author should be cited and similar references and before the proposed required.

Cover letters: A cover letter must be prepared with all submissions. This letter may be used to emphasize the importance of the study. The authors should briefly state the novelty of the manuscript's relation to the study and contributions these study make to the existing knowledge. The correspondence author should also address a statement in the cover letter declaring each author and co-author's role in the responsibility for author duties during the submission and review stages of the manuscript.

Title page: A separate title page should be submitted with all manuscripts and should contain the title of the manuscript, author(s), and their institutions. Interstate 496 (I-496) is an auxiliary Interstate Highway that passes through downtown Lansing in the US state of Michigan. Also a component of the "Gerald Ford Freeway System", the loop route runs east from I-96 in the downtown area, turning south concurrently with US Highway 127. It passes a former assembly plant used by Oldsmobile and runs along or crosses parts of the Grand and Red Cedar rivers. Construction started in 1963, and the freeway opened on December 16, 1970. Segments much of downtown were built near a historically black neighborhood that dates from the early 20th century. Community efforts spent ten to fifth the construction of the freeway, instead seeking affordable housing and relocation assistance for displaced residents. The city named the freeway in honor of a former mayor when it opened in 1970, but the local historical society proposed that the plans maintain after Ransom E. Olds, the founder of Oldsmobile and the REO Motor Car Company, after his namesake was demolished to make way for the freeway. The Michigan Legislature approved the name "Olds Freeway" two years later. **(Full article...)**

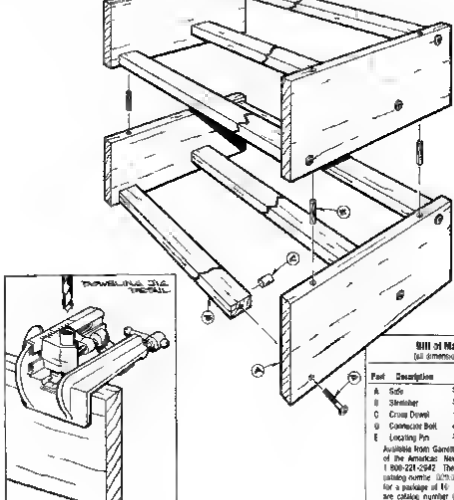
Stackable Shoe Rack

You don't have to be famous for your shoe collection to appreciate a handy closet organizer like our shoe rack. The racks are designed to stack on top of each other, so you can make as many as need. You can also vary the length of the racks to fit your closet.

The pine lumber and steel panel-connector construction makes these racks light but sturdy. And they're easy. The joint connectors employ a cross dowel and connector bolt to securely join two perpendicular wood parts. To mount them you simply drill two holes, a shank hole for the connector bolt and a larger hole for the cross dowel. It's a new wrinkle on an old idea. Wood cross dowels have been used for generations to provide a secure anchor when driving a screw into end grain. The steel variety allows you to easily disassemble the shoe racks.

First cut the sides (A) and stretchers (B) to the sizes shown on the Bill of Materials. We list enough parts to make two complete racks.

With the parts cut to size, move on to drilling the holes. Use



Bill of Materials
(all dimensions actual)

Part	Description	Size	No. Req'd.
A	Side	¾ in x 5½ in x 11¼ in	4
B	Stretcher	¾ in x 1 in x 34½ in	6
C	Cross Dowel	16 mm	12
D	Connector Bolt	40 mm	12
E	Locating Pin	¼ in dia. x 1½ in long	4

Available from: Gareth Wade, 104 Avenue of the Americas, New York, NY 10013, 1-800-221-2942. The cross dowels are catalog number 429-02 and sell for $4.95 for a package of 10. The connector bolts are catalog number 612-01 and sell for $2.95 for a package of 10.

Drop the box off at the post office or schedule a pickup. Once the item is delivered, you should get a refund within 5 business days

The Elk Hunters' Workhorse

Yes, indeed, when hunting rugged and remote country, it is impossible to beat a trusty steed

hough he bucked like a dyed-in-the-wool mustang the 1,300-pound mustang/Percheron draft-horse mule we called Big Jack packed elk like a gift from heaven. We could load an entire bloody bull elk (in gun intended) on him and head for the truck a day's ride away. He bring all four quarters back strapped and caped, safely.

A dog sled's main best friend in elk country when the best elk hunting is found deep in roadless wilderness, a horse is. There are two kinds of elk hunters those under 30 and those over 30. Believe me, over-30 hunters with a lick of sense under their Stormy Kromer use horses. Even when horses aren't available, they use horses. As the old hag (it was at old wag?) said necessity creates wonders of us own, and horses will be found.

Even under-30 hunters tend to show an uncommon maturity when it comes to packing hundreds of pounds of boned out elk meat out of country more remote than a mother-in-law's love and use horses when your available. However they're also known to use masochistic methods, such as humping quarter after quarter down the mountain on a pack frame, a pursuit that can take multiple days and shorten your knees' lifespans considerably. Thankfully, I grew up with horses and was never afflicted with such foolishness.

If they don't have their own horses or better yet, have friends that own (and feed) pack animals year-round, serious do-it-yourself elk hunters find and use a reputable packer to haul them and their camp in and them, camp, and a trophy bull out.

Yep. I said reputable. Nope, this isn't your retirement fund, and you're not hiring an investment consultant, but horses—

The best animals are never for sale, but they're the kind you want. This Montana mule (her name—no kidding—was Sunshine) was the best mountain animal the author ever rode, and her owner wouldn't even listen to an offer.

much as I love am— aren't always marvels of predictable dependability. In fact, many of the best elk hunting tales are spawned out of spectacular wrecks that occur while packing along the trail. Comic outlaws outfitters keep at least one or two evil horses (or more frequently mules) in their string just to provide clients with outrageous stories with which to regale their admiring eastern buddies after the hunt.

But I digress. I was stating that you need a reputable, capable packer because because horses aren't always marvels of predictable dependability. Let me tell you about the most spectacular wreck I took part in. My brother once had a fine little grey horse he little called Savannah. In fact, he rather liked the horse with his truck—which is irrelevant to the horse I forgot which. Savannah was actually a darn good little horse. She was also a tolerably good packhorse, as long as you remembered to not put any breakables on her. One frosty afternoon, tired from a glorious morning of elk hunting and from fighting—unsuccessfully—to get three-zero quarters of a monstrous 5-by-6 bull on my prize buckskin stallion my brother and I made hubby loaded as much meat as we could and that massive rack on Savannah and headed for the trailhead. How it occurred I couldn't quite say, but at one point, as Savannah threaded her way between aspen saplings, the rack hung up, twisted violently around, and sank a couple of inches of tine into Savannah's plump, soft

That stopped the rack from twisting any further for which we were grateful. On the other hand, it also put that little horse into a gore we'll never seen. Savannah went up the trail across the meadow and hooked around the head of the beast like a cocaine shark at half throttle, grunting with a marrow-chilling

Seismic Wave Arrival Times		
Point on Map	Time difference between P-waves and S-waves	Distance traveled by waves
W	30 s	240 km
X	48 s	384 km
Y	55 s	440 km
Z	80 s	640 km

5. What might be the arrival time difference of the seismic waves for a point located between Y and Z on the chart above?
   a. 45 seconds
   b. 50 seconds
   c. 65 seconds
   d. 87 seconds

6. The zone that separates Earth's crust from the uppermost mantle is the _____
   e. Mohorovičić discontinuity
   f. Mariana Trench
   g. mid-ocean ridge
   h. transform boundary

7. Which volcanic product has the highest viscosity?
   a. basaltic lava
   b. low-silica magma
   c. lava with large quantities of dissolved gas
   d. high-silica magma

8. Why are most volcanoes located along the Ring of Fire around the Pacific Ocean?
   e. It is an area bordered by one main type of magma.
   f. There are few subduction zones in this area.
   g. It is an area with many zones of convergence.
   h. It is an area with many zones of divergence.

Course Number: AP/EN 3390 6.0A

Title: Style and Rhetoric in Prose and Oratory

Instructor: Brett Zimmerman
Email: bazlm0804@aol.com

Description:

Stylistics is a critical approach to literature (or speech) that describes and interprets the idiosyncratic aspects of someone's writing or speaking style—how writers or speakers say what they want to communicate. As no two persons are alike, no two writing or speaking styles are exactly alike (although the most skilled writers display a stylistic versatility.) Scholars engaged in stylistic analyses typically examine such aspects of a writer's or speaker's communicative manner as (1) the lexical (diction—words), (2) the syntactical (sentence structure), (3) the rhetorical (figurative language and persuasive techniques), and (4) the phonological (patterns of speech sounds: meter, rhyme, rhythm). Rhetoric is the art of persuasiveness in everyday speaking, oratory, or prose. Typically, students do very close textual evaluations of prose pieces or speeches on a weekly basis. The core of this course consists of American forms of expression, ranging from the early Puritan sermon to eighteenth-, nineteenth-, twentieth- and twenty-first-century literature and speeches. We study all three types of oratory (ceremonial, judicial, deliberative) looking at their use of figurative rhetoric, lexical sets, topoi, and Aristotelian appeals (the pisteis: ethos, logos, pathos). As well, to enhance students' critical thinking abilities, we learn about logical fallacies in relation to the speeches, sermons, and prose masterpieces we read.

While doing close stylistic examinations of our texts, we also relate the linguistic to the extralinguistic—that is, we relate the prose, sermons, and speeches to the tradition of oratory and rhetoric in American history and literature and therefore place the readings within the cultural Zeitgeist generally. Additionally, with the fiction excerpts, students are encouraged to consider to what extent if any style advances other aspects of the text such as theme and characterization—say, a narrator's psycholingual state or worldview. Students complete the course not only with an enhanced understanding of American culture but also, perhaps more significantly, with an improved ability to read and analyse literature and the spoken word. These skills are particularly useful to English majors and to students contemplating teaching as a profession as well as to those students who are creative writers. In addition to enhancing their critical reading and -writing abilities, the course augments students' critical-thinking skills: training them to evaluate any form of persuasion they encounter, whether in the form of sermons, magazine ads, T.V. commercials, speeches, lectures, or written texts. Students who are considering politics, advertising, or any other form of advocacy would be well served by this course; therefore, it should also go without saying that "Style and Rhetoric in Prose and Oratory" not only turns out improved students but also (we hope) better citizens.

Windows® Fax and Scan

Fax

Fax lets you send and receive faxes using your computer and an external or internal fax modem or a fax server. You can also create and save cover pages that will be included with your faxes.

Set up a fax account

1. Open Windows Fax and Scan.

   If Windows Fax and Scan is not listed in the Start menu, click the Start button, type Windows Fax and Scan in the search box, and then click Windows Fax and Scan in the list of results.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the Fax Setup wizard to configure your fax modem and other settings.

Before you can send or receive faxes, you must have a modem and access to a telephone line or Internet service. For more information, click the Help button and search for fax.

Create and send a fax

Create a fax cover page, type your fax, and then include any additional files you want to send. You can also send faxes directly from programs such as Microsoft Word or Microsoft Excel.

Create a new fax

1. On the toolbar, click **New Fax**. If you don't see the toolbar, press ALT, click **Tools**, and then click **Fax Setup** to set up your fax account.

2. In the navigation pane, click **Windows Fax and Scan**.

3. On the toolbar, click **New Fax**.

4. Choose the cover page you want to use, and type the fax, as usual.

The following options on the toolbar might help you create a fax:

- **Attach File** lets you add files to your fax.
- **Cover Page** lets you choose a cover page.
- **Check Names** helps you find recipients in your address book.
- **Address Book** opens your address book.
- **Preview** lets you see how your fax will look before you send it.
- **Options** lets you change settings for the fax you're sending.
- **Help** opens Windows Help and Support.

2014 CFO Commercial Banking Survey

Banking On Service

Our inaugural banking survey reveals what companies prize in banks and bankers, and what makes them switch.

By Chris Schmidt

Ask a group of CFOs how their companies selected their commercial banks, and you're likely to hear a chorus of responses ranging from "It was somebody I met" to "That's why when CFO Research sent out my annual 401(k) and/or financial-services survey for the inaugural CFO Commercial Banking Survey, we asked bankers what qualities they prized most in a bank, and how well their current bank lived up to their standards.

We didn't stop there. To help finance chiefs better understand and manage their banking relationships, we also asked survey takers what qualities they value in a banker and if companies had assisted or ancillary banking relationships that went beyond lending. Finally, we wanted to know why.

The survey responses underscore that finance chiefs don't mind complaining about their banks. However many respondents also took the time to praise great banking relationships where they exist.

How the Banks Fared

The survey asked respondents to assess their commercial banks across 20 key capabilities, prompted by five categories: strategic partnership, customer relationship, lending availability, capital transaction/payments processing, and internal reporting/connectivity. Generally, the banks are doing a decent job. The average overall score was a respectable 3.5 on a scale of 1 to 5.

But the top 10 U.S. commercial banks (in size of consolidated domestic deposits, a proxy for service scope) as a group did all other banks as a group (see Figure 1). These leading financials edged out their smaller competitors in all five performance categories, with the most significant gaps appearing in the areas of strategic partnership and customer relationship. Large banks also outperformed their smaller commercial brethren.

There were standouts in each group. Among the top 10 banks, PNC®, rated JP Morgan Chase® and U.S. Bancorp® as the best strategic partners, while Wells Fargo® and Bank of America® were rated the best at customer relationship. Among smaller banks, Fifth Third® and Comerica® were rated the best strategic partners, while Comerica and Texas Capital® were rated the best at customer relationship.

MERRY CHRISTMAS EVERYONE

REMEMBER US?? WE'RE THE CRAZY PEOPLE THAT KEEP TELLING YOU THAT WE ARE PUBLISHING A BOOK. HA!! WE HAD SUCH A GOOD TIME TALKING ABOUT IT

AT THE VERMILLION LIBRARY IN MAY. AND BY THE WAY IT IS FINALLY PUBLISHED. THIS WAS ANOTHER BUSY AND JOYFUL YEAR FOR OUR FAMILY

SOME OF THE 8 DAYS WERE SIGNIFICANT AS JULIE TURNED 25, GREG 50 & CLARA 75. LINDA PUT A LOT OF EFFORT INTO THESE CELEBRATIONS AND DID A BIG

SURPRISE PARTY FOR GREG IN SEPTEMBER THE FAMILY GATHERED TO HELP DEBRA AND MARK MOVE INTO THEIR BEAUTIFUL NEW HOUSE. THIS WAS A BIG EVENT!!

THE ONLY DOWNER THIS YEAR WAS THE TIME WE HAD TO SPEND IN PHYSICAL THERAPY IT IS HARD WHEN HEALTH ISSUES FORCE YOU TO SLOW DOWN BUT WE

FEEL BLESSED TO BE DOING AS WELL AS WE ARE. 2008 KICKED OFF WITH OUR USUAL TRIP TO PUERTO VALLARTA, MEXICO AND NOW WE ARE BUSY PREPARING

FOR OUR 2009 TRIP. WE PRAY THAT THIS IS A BEAUTIFUL, RELAXING, HAPPY AND HEALTHY HOLIDAY FOR ALL OF YOU

WE LOVE YOU.

Instructions for Superbright
MFJ 113 LED Alarm
Clock

To Operate Clock

Blinking Display/Alarm Indicator
When the clock is plugged in, the display will blink on and off requiring the incorrect time is being displayed. You should always reset the time when this is indicated. When the Alarm Indicator (7) is on the alarm will sound at the time set.

Set Time
To set the time press the TIME SET button (4) and the HOUR SET button (2) until the correct time is displayed. You release the HOUR SET button and press the MINUTE SET button (3) until the correct time is displayed

Set Alarm
To set the alarm time, press and hold the ALARM SET button (6) and the HOUR SET (2) or MINUTE SET buttons (3) as above.

Snooze
Touch the SNOOZE button (1) and get an extra 9 minutes of sleep. This may be repeated up to six times within one hour.

To Use as Alarm
Slide the ON/OFF switch (5) located on the back to the ON position. The alarm will sound at the time set. To turn off the alarm to longer sound, slide the ON/OFF switch (5) to the OFF position.

Site Time Mode
Slide the 12/24 hour switch (8) instead of the control of above to 24 hour position. The time will then display time in an 24 hour position.

Battery Backup BATTERY (NOT INCLUDED) Located on the back of the unit is a battery compartment. A battery must be installed in order to maintain battery operation. A battery must be installed in order to maintain battery operation. A battery, such as Eveready No. 216 or equivalent, may be installed or changed without unplugging the clock from the time. The battery will keep time if the power should be interrupted or removed. But don't worry, set will set you up. Incidentally it does not set sound.

If you have a long power failure, the clock does not record clock but is kept accurate for 24 hrs frequency. To represent to make a right adjustment in case, but to see the "Time Set" instructions. The alarm will be present.

Warning: To prevent shock hazard do not remove cover or make repairs.

CAUTION

CAUTION: TO REDUCE THE RISK OF ELECTRIC SHOCK DO NOT REMOVE COVER. THERE ARE NO USER SERVICEABLE PARTS INSIDE. REFER SERVICING TO QUALIFIED PERSONNEL.

This symbol is intended to alert you to the presence of uninsulated dangerous voltage within the product's enclosure that might be sufficient magnitude to constitute a risk of electric shock. Do not open the enclosure.

This symbol is intended to alert you to the presence of important operating and maintenance instructions in the literature accompanying the product.

Form **4506T-EZ**
(October 2018)
Department of the Treasury
Internal Revenue Service

Short Form Request for Individual Tax Return Transcript

▶ Request may not be processed if the form is incomplete or illegible.

OMB No. 1545-2154

Use Form 4506T-EZ to order a 1040 series tax return transcript free of charge.

1a Name shown on tax return. If a joint return, enter the name shown first.	1b First social security number on tax return
2a If a joint return, enter spouse's name shown on tax return.	2b Second social security number or individual taxpayer identification number (ITIN) if joint tax return

3 Current name, address (including apt., room, or suite no.), city, state, and ZIP code

4 Previous address shown on the last return filed if different from line 3

5 If the transcript is to be mailed to a third party (such as a mortgage company), enter the third party's name, address, and telephone number. The IRS has no control over what the third party does with the tax information.

Third party name	Telephone number
Address (including apt., room, or suite no.), city, state, and ZIP code	

6 **Year(s) requested.** Enter the year(s) of the return transcript you are requesting (for example, "2016"). Most requests will be processed within 10 business days.

Caution. If the transcript is being mailed to a third party, ensure that you have filled in line 5 before signing. Sign and date the form once you have filled in line 5. Completing these steps helps to protect your privacy.

Note. If the IRS is unable to locate a return that matches the taxpayer identity information provided in lines 1a and 2a, or if the return has not been filed, we may not be able to provide a transcript. In this case, you will be notified that we cannot fulfill your request.

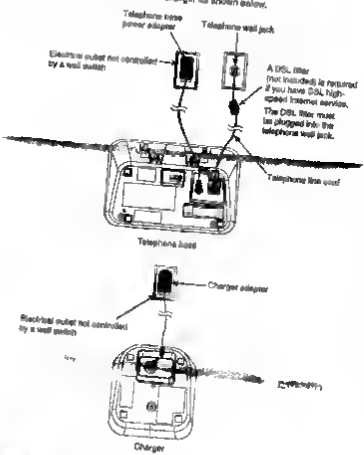
Telephone base and charger installation

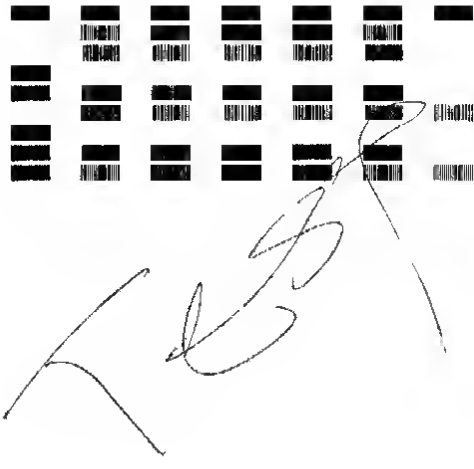
Install the telephone base and charger as shown below.



Telephone base power adapter
Telephone wall jack
Electrical outlet not controlled by a wall switch
A DSL filter (not included) is required if you have DSL high-speed internet service. The DSL filter must be plugged into the telephone wall jack.
Telephone line cord
Telephone base
Charger adapter
Electrical outlet not controlled by a wall switch
Charger

NOTE

- Use only the power adapters and batteries supplied with this product.
- If you subscribe to telephone service from a cable company or a VoIP service provider, plug the telephone line cord into the modem/router terminal adapter provided by your cable/VoIP service provider. Contact your cable/VoIP service provider if you have any difficulties in installation.



3. $\sqrt{11}$

SANDY

Marks **Assignmant 3**

5 1. Give five ways of increasing the rate of the following reaction.

$H_2(g) + Br_2(g) \rightarrow 2HBr(g)$

Increasing the reactants' concentration

Supplying the needed activation energy

Using a catalyst

Stirring the gases

Increasing the reaction vessel's pressure

2 2. Explain in terms of collision theory why kindling is used to start a fire.

Kindling has a larger surface area than a log, which increases the number of collisions between it and oxygen, so it will catch fire easier.

3. Examine the following reaction equations.

(i) $CO_2(g) + H_2(g) \rightarrow CO(g) + H_2O(g)$

(ii) $Fe^{3+}(aq) + Cr^{2+}(aq) \rightarrow Fe^{2+}(aq) + Cr^{3+}(aq)$

(iii) $FeO(s) + H_2O(l) \rightarrow Fe(OH)_2(s)$

2 (a) Which reaction is likely the fastest? Explain.

(i) is probably fastest, since gases have more kinetic energy than liquids or solids at the same temperature and pressure, which results in a faster collision rate.

Calendar

February 10. Beginner bird walk at Sycamore Canyon. Meet at the Sycamore Canyon trailhead at 8:00 AM. (note that we are back on our "Pacific Standard Time" start right now!) The trail is located adjacent to Rose Hills Cemetery gate 17. Just note that the trail is *not in* the cemetery! The entrance to Sycamore Canyon is a driveway just southwest of the entrance to the cemetery, then at recent rain canals.

February 17. Monthly meeting and program 7:30 PM at the Whittier Community Center, located on the corner of Mar Vista and Wash ington in Whittier. All are welcome! Olga Cariko will be speaking on birding in Costa Rica — see page 2 for details

February 19. Starr Ranch owling trip led by Linda Oberholtzer.

Great Backyard Bird Count is February 18-21

The Great Backyard Bird Count is an annual four-day event that engages bird watchers of all ages in counting birds to create a real-time snapshot of where the birds are across the continent. Anyone can participate, from beginning bird watchers to experts. It takes as little as 15 minutes on one day or you can count for as long as you like each day of the event. It's free, fun, and easy—and it helps the birds.

Participants can count birds anywhere for as little or as long as they wish during the four-day period. They tally the highest number of birds of each species seen together at any one time. To report their results, they fill out an online checklist at the Great Backyard Bird Count website, http://birdsacount.org/gbbc

As the count progresses, anyone with Internet access can explore what is being reported from their own town or anywhere in the United States and Canada. They can also see how this year's numbers compare with those from previous years. Participants may also send in photographs of the birds they see.

Why Count Birds?

Scientists and bird enthusiasts can learn a lot by knowing where the birds are. Bird populations are dynamic; they are constantly in flux. No single scientist or team of scientists could hope to document the complex distribution and movements of so many species in such a short time.

We need your help. Make sure the birds from your community are well represented in the count. It doesn't matter whether you report the 5 species coming to your backyard feeder or the 75 species you see during a day's outing to a wildlife refuge.

Your counts can help us answer many questions:

- How will this winter's snow and cold temperatures influence bird populations?
- Where are winter finches and other "irruptive" species that appear in large numbers during some years but not others?
- How will the timing of birds' migrations compare with past years?
- How are bird diseases such as West Nile virus affecting birds in different regions?
- What kinds of differences in bird diversity are apparent in cities versus suburban, rural, and natural areas?
- Are any birds undergoing worrisome declines that point to the need for conservation attention?

Scientists use the counts, along with observations from other citizen-science projects, such as the Christmas Bird Count, Project FeederWatch, and eBird, to give us an immense picture of our winter birds. Each year that these data are collected makes them more meaningful and allows scientists to investigate far-reaching questions.

For highlights of past results visit the Science Stories section of the GBBC web site.

The Great Backyard Bird Count is led by the Cornell Lab of Ornithology and National Audubon Society with Canadian partner Bird Studies Canada and sponsorship from Wild Birds Unlimited.

ऐ मेरे वतन के लोगों
तुम खूब लगा लो नारा
ये शुभ दिन है हम सब का
लहरा लो तिरंगा प्यारा
पर मत भूलो सीमा पर,
वीरों ने हैं प्राण गंवाये
कुछ याद उन्हें भी कर लो
जो लौट के घर ना आये।

ऐ मेरे वतन के लोगों
जरा आँख में भर लो पानी
जो शहीद हुये हैं उनकी
जरा याद करो कुर्बानी
जब घायल हुआ हिमालय
खतरे में पड़ी आजादी
जब तक थी साँस लड़े वो
फिर अपनी जगह बिछा दी
संगीन पे धर कर माथा
सो गये अमर बलिदानी
जो शहीद हुये हैं उनकी
जरा याद करो कुर्बानी

जब देश में थी दीवाली
वो खेल रहे थे होली
जब हम बैठे थे घरों में
वो झेल रहे थे गोली
थे धन्य जवान वो अपने
थी धन्य वो उनकी जवानी
जो शहीद हुये हैं उनकी
जरा याद करो कुर्बानी

कोई सिख कोई जाट मराठा
कोई गुरखा कोई जवानी
कोई रोक सका न जिसकी
बहती हो रक्त की पानी
जो अभय रिहा मातृभूमि की
जो खून था हिन्दुस्तानी
जो शहीद हुये हैं उनकी,
जरा याद करो कुर्बानी।

जो खून से अभयदान लाया
सिर भी बलिदान उठाकर
हाथ हमें जो एक से थमाया
फिर सिर गये होश नहीं के
जब अंत समय आया तो
कह गये अब मरते हैं
खुश रहना देश के प्यारों,
अब हम तो सफर करते हैं
क्या लोग थे वो दीवाने
क्या लेजा थे वो आजादी
जो शहीद हुये हैं उनकी
जरा याद करो कुर्बानी

तुम भूल ना जाओ उनको
इसलिए कही ये कहानी
जो शहीद हुये हैं उनकी
जरा याद करो कुर्बानी
जय हिंद जय हिंद की सेना
जय हिंद जय हिंद की सेना

KRAS Mutation Analysis by PCR

Instructions for Use: The KRAS mutation analysis PCR assay is designed to detect [illegible] mutations in exons 2 and 3 of the KRAS gene. KRAS mutations are found in approximately [illegible] of human cancers, including [illegible] of colorectal cancers (CRC), [illegible] of pancreatic cancers, and [illegible] of non-small cell lung cancers (NSCLC). The majority of KRAS mutations occur in codons 12 and 13 of exon 2 and codon 61 of exon 3. Mutations in KRAS are associated with resistance to anti-EGFR monoclonal antibody therapy in patients with metastatic CRC. Patients with KRAS mutations have been shown to have a poor response to anti-EGFR monoclonal antibody therapy, while patients with wild-type KRAS have been shown to have a significantly higher response rate to anti-EGFR monoclonal antibody therapy. Therefore, the presence of KRAS mutations in tumor tissue may be a useful predictive marker for selecting patients who are likely to benefit from anti-EGFR monoclonal antibody therapy. The results of this assay should be used in conjunction with other clinical and laboratory findings. No therapeutic decisions should be taken based solely upon the results of this assay. The [illegible] KRAS mutation assay is not intended for the detection of KRAS mutations in normal tissue.

If KRAS is "Not Detected" in the tumor tissue, it does not rule out the presence of a KRAS mutation. There is a possibility that the tumor sample may contain a KRAS mutation that is not detected by this assay. Therefore, if KRAS is "Not Detected" in the tumor tissue, it is recommended that the assay be repeated. If KRAS is "Not Detected" in the tumor tissue, it does not rule out the presence of a KRAS mutation. There is a possibility that the tumor sample may contain a KRAS mutation that is not detected by this assay. Therefore, if KRAS is "Not Detected" in the tumor tissue, it is recommended that the assay be repeated.

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both:

To test the send functionality of your fax machine, send a one-page fax to 1-888-877-1655 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero - this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully it will automatically answer and spit out the test fax.

Tip #8

Ratios: Keep track of your units

You may use a ratio box to keep track of your units For example, if one classroom has a 3 to 5 ratio of boys to girls and there are a total of 24 students, how many are boys and girls are there in the classroom?

Ratio box

Fill in your ratio box with the given information 3: 5 ratio of boys to girls and there are a total of 24 students

	Boys	Girls	Total
Ratio	3	5	8
What number did they multiply by?	9	15	
Grand Total	9	15	24

Fill the rest of the information needed such as the total and what number they multiplied by

	Boys	Girls	Total
Ratio	3	5	8
What number did they multiply by?	**Times 3**	**Times 3**	**Times 3**
Grand Total	**9**	**15**	24

So there were 9 boys and 15 girls altogether

Try these

1 A certain farm has only cows and chickens as livestock. The ratio of cows to chickens is 2 to 7. If there are 63 livestock animals on the farm, how many cows are there?

(A) 13
(B) 14
(C) 18
(D) 28
(E) 49

2 2 7 9
13

2 In Mr. Nicker's 3rd grade class the ratio of boys to girls is 7 to 5. If there are 14 boys in the class, then how students are in the class?

(A) 10
(B) 20
(C) 24

7 5 12
14 ?

Test Pattern 1.0

This here be some text. We want at least one page of text included in this testing because text is usually what people transmit in a fax – like a contract page with a signature. Don't get me wrong, graphics are fine but text gives us that warm and fuzzy feeling that the testing is rooted in simulating real-world scenarios.

Graphics, on the other hand, allow us to see minute transmission flaws that are easily overlooked in a text message. The brain is a wonderful thing, and can cause us to overlook small missing details. Take, for example, the car company called KIA. Have you ever noticed that the "A" is missing the bar? It looks like a "/\"

There are other examples of how the brain will fill in missing pieces of characters, or even whole words. I won't bore you with more details. The point is that text is not the best transmission to prove a fax system is working correctly.

Because the human brain is adept at recognizing patterns, the following pattern pages will easily allow one to detect even a small fax issue.

Special Offer for Accountants

Unsubscribe or info at bottom of page.

If potential clients get voicemail, a busy signal, or the phone ringing and ringing when they call you, some portion of them will simply hang up and call another CPA. We can fix this.

We can be your receptionist or be a supplement your existing one. We can answer your phone with a competent and friendly voice, whenever you need us. We can help you get new clients, improve client satisfaction, and make your life a little easier. We offer a two week free trial so you can see what we're like—if you're not satisfied when the free trial is up, you owe us nothing.

Call us today for a free quote—855.247.6767

Your customer calls your number

A friendly voice answers your line in your company name

You get a text message on your cell in seconds (we can also e-mail, fax, or even transfer a call)

Two-Week Free Trial for All Accountants

What we can do for your company

- We answer in your company name
- We sound like a receptionist, not a large call center
- We specialize in making great first impressions
- Turn us on/off only when you need us, or...
- ...we can answer automatically after so many rings.
- Use us business day after hours, or both
- We want your business and we will work with you to find a custom solution that meets your needs. Just ask us!

SallieMae Smart Option Student Loan

Your property code 9469456969

Lauren Brune
135 Taylors Mills Rd
Manalapan NJ 07726 3495

Apply for the Smart Option Student Loan® today

Dear Lauren Brune,

If you're searching for a better way to pay for college, you can borrow smarter with the Smart Option Student Loan. These simple repayment options give you the choice to graduate with less total debt or enjoy more flexibility while in school.

Pay more. Save more.
INTEREST REPAYMENT OPTION

Pay interest while in school and for six months after school
You can save over 20% on your total loan cost compared to our Deferred Repayment Option

Pay a little now. Save a lot later.
FIXED REPAYMENT OPTION

Pay just $25 a month while in school and for six months after school.
The in-school payments plus a shorter repayment term can help you save over 10% on your total loan cost compared to our Deferred Repayment Option.

Get maximum flexibility.
DEFERRED REPAYMENT OPTION

No monthly payments required until after school or you drop enrollment below half time, with flexible payments while in school to enjoy maximum flexibility.

IT PAYS TO BORROW SMARTER

Low variable interest rates that range from 2.26% APR to 9.37% APR. And pay no origination fee.

Receive the Price Beat Reward on your first repayment and get a Smart Rewards® point for your account for 2% of your school's monthly payments that are made on time while in school.

A credit worthy cosigner is a good idea.

You can add a cosigner to your application and help you get a better interest rate, which can help you save money.

Increase peace of mind with the Tuition Insurance Benefit.

In the event you lose $5,000 or more in qualified educational funding for any reason, you can withdraw from school and receive a refund for tuition and fees paid through the date you withdraw.

Apply now—about 15 minutes is all you should need.

Get started at www.salliemae.com/actnow48 or call 1-866-675-9285.

ENCOURAGING RESPONSIBLE BORROWING

SallieMae has helped more than 9 million Americans pay for college since 1972. We encourage students and families to explore all grants, scholarships and federal student loan options before they consider a SallieMae private education loan.

BACK

At present a request for density output cards in a sensitometric computations run yields density cards corresponding to densitometer densities If the test code used involves E.N.D conversions the density output cards must be run through a separate conversion program to correspond[illegible] output [illegible] corresponding to individual strips are punched wh[illegible] ppens un[illegible] desired

I propo[illegible] the [illegible] t when density card output is requested plotted densities are punched out In the normal case these would simply be the average densities. If the test code calls for E N D conversion it would be the E.N.D densities that are punched out. If the test breaks down e g because of range check failure we would get cards punched out for individual strips, since individuals are plotted in that case

I would appreciate your comments on this proposal by January 2, 1971

"Best brownies I've ever had!"

Ingredients

1/2 cup water sugar
2 tablespoons butter
2 tablespoons water
1 1/2 cups semisweet chocolate chips
2 eggs
1/2 teaspoon vanilla extract
2/3 cup all-purpose flour
1/4 teaspoon baking soda
1/2 teaspoon salt

Directions

1. Preheat the oven to 325 degrees F (160 degrees C). Grease an 8x8 inch square pan.
2. In a medium saucepan, combine the sugar, butter and water. Cook over medium heat until boiling. Remove from heat and stir in chocolate chips until melted and smooth. Mix in the eggs and vanilla. Combine the flour, baking soda and salt; stir into the chocolate mixture. Spread evenly into the prepared pan.
3. Bake for 20 to 30 minutes in the preheated oven, until brownies set up. Do not overbake! Cool in pan and cut into squares.

HSBC InvestDirect Relationship Disclosure

At HSBC InvestDirect – a division of HSBC Securities (Canada) Inc. – we believe the best way to help you meet your investment goals is to provide you with access to the accounts and investments you need in a way that best suits your needs. We want to help you invest in a manner you're comfortable with, and we think we can do the most successfully when you know what to expect from HSBC InvestDirect, and when we know what to expect from you. This Relationship Disclosure does just that. It provides you with a brief overview of our products and services, the accounts we offer, how they operate, and our responsibilities to you.

Should you have any questions about the information this disclosure contains, please contact us at 1-800-760-1180.

The services and products we offer

HSBC InvestDirect is an investment dealer that provides clients with order execution services. In other words, you tell us the investment transaction you want to make – for example the purchase of a stock or bond – and then we make it for you. Orders may be placed by speaking with an HSBC InvestDirect Investment Representative on the phone or by using our online investing site.

HSBC InvestDirect gives you access to a comprehensive range of investment products, including:

- Stocks, options, rights and warrants
- Global investing – access to 30 of the world's major exchanges
- Guaranteed Investment Certificates (GICs), Treasury Bills and other money-market instruments
- Bonds, strip bonds, debentures and other fixed-income investments
- Exchange Traded Funds (ETFs)
- Mutual funds
- New issues

We are also pleased to offer you the following types of self-directed accounts:

- Registered accounts (such as RRSPs, RRIFs, RESPs, LIRAs, LRSPs, LIFs and LRIFs)
- Individual and joint accounts
- Cash, foreign currency, margin, margin with options and short-selling accounts
- Formal and informal trust accounts
- Tax-Free Savings Accounts
- Corporate (commercial) accounts
- Investment club accounts

For the most up-to-date listing of all of our available products, accounts and services, please visit us online at www.investdirect.hsbc.ca. Specific details about the operation of accounts are found in the *Client Terms & Conditions*, which is available at www.hsbc.ca/investdirect/terms.

Introduction

"Do not take the lecture too seriously just relax and enjoy it. I am going to tell you what nature behaves like If you will simply admit that maybe she does behave like this you will find her a delightful entraining thing. Do not keep saying to yourself "But how can it be like that? because you will get into a blind alley from which nobody has yet escaped Nobody knows how it can be like that."

(Richard Feynman introducing a lecture about quantum theory)

Natural sciences always had a great influence on philosophy and on the way we see the world Until the age of the Renaissance there was no clear distinction between philosophy and science Physics and astronomy were among the favorite topics of the natural philosophers of the antiquity until the time of Copernicus. The desire to explore the starry heavens and to reveal its secrets is probably as old as mankind itself However, notable advances in this discipline were made only fairly recently after the invention of the telescope in the 17th century Thus section deals with the accomplishments of 20th century physics in the world of the largest structures such as galaxies and stars and that of the smallest structures such as atoms and particles. We take a closer look at Relativity and Quantum Physics in particular both of which have given us amazing new insights into what we call creation

Newton: the three laws of motion.

In the eyes of physics, the world used to be a predictable place Aristotle and Ptolemy laid the foundation for the scientific understanding of the universe which remained authoritative for one and-a half thousand years. Until the time of Galileo .the Greeks were undisputed in natural science and astronomy Galileo, Copernicus and Newton changed this. Isaac Newton (1642-1727) revolutionized physics with his proposition that all bodies are governed by the three laws of motion The first law of motion states that a body continues in a state of rest or continues to be moving uniformly in a straight line unless a force is applied to the object The second law states that the force applied to an object is proportional to its mass multiplied by acceleration ($F=ma$) The third law states that for every action there is an equal opposite reaction

With these three simple laws, Newton created a whole new model of the universe, superseding Ptolemy's model of epicycles. Eighty years before Galileo (1564-1642) had pointed out that the Earth rotates around the Sun The mechanics developed by Newton and Galileo provided the basis for 17th to 19th century cosmology In this view planets revolved in well defined orbits around stars, where the rotational force is balanced by the gravitational force According to the universal law of gravitation bodies attract each other with a force $F=m1*m2/r^2$, which means that the force increases with mass and decreases (squared) with distance

Laplaces the mechanistic universe.

Given these natural laws, mankind derived a picture of the universe that accounts neatly for mass, position and the motion of the celestial bodies while it interprets the latter as dynamic elements of a celestial apparatus not unlike that of a mechanical apparatus. It is therefore called the mechanistic worldview. It was elaborated in its purest form by Marquis de Laplace (1749 1827) in his writing Mecanique Celeste The mechanistic view sees the universe as an arrangement in which stars and planets

Fax Hardware Test **PASS**
Fax Connected to Active Telephone Wall Jack **FAIL**

An active phone line was not detected.

Please check the items below then rerun this test.

Check the phone cord connection between the wall jack and the fax.

The phone cord from the wall jack should be connected to the port labeled "1-LINE" on the back of your HP device.

If you are using a splitter or some other device between the fax and the wall jack, remove it and connect the fax directly to the wall jack.

Plug your phone into the wall jack and check that a dial tone is available.

Check that you are using the phone cord supplied with your HP device.

Refer to your User Guide for more information on the fax test and settings.

Instructions on how to rerun this test:
Step 1 Press the "Setup" button
Step 2 Press the "8" button
Step 3 Press the "5" button

Dear [redacted]

I would like to ask your your support of marriage equality. I would like to see our great notation have an election or parliament to approve marriage equality for all

Marriage equality does not effect the marriage of Men and Women. Right now with the current non-equal marriage laws it effects everyone

If most of Australia supports marriage equality then why not listen to us and just approve it. I don't think a few people who are not in favor of it should hold back the approval of this

If two thirds of Australia supports marriage equality then approve it Better yet lets make a public vote on it

The last time I checked it is parliaments job to listen to the people. Please listen to the people and help all of Australia and vote yes to approve marriage equality.

It's only fair that we all get the same respect to marry who we want to and not have government tell us who we can and can not marry.

Downloads

Printer Driver & Scanner Driver for Local Connection

If your download does not start, please manually please click here

How to Install

- If you don't know which version of Windows® 7 you are using, 32 bit or 64 bit, please check by following the steps below.
  Click **Start** => **Control Panel** => **System and Security** => **System**, and then check the **System type**.
- The instructions may vary depending on the Windows® 7 version.
- Remove the CD-ROM before starting the installation procedure.
- You must be logged on as an Administrator.
- If the **User Account Control** dialog box appears, click **Continue**.
- If the **Windows Security** check box appears, check **Always trust software from "Brother Industries, ltd."** and click **Install**.

1. Disconnect your Brother machine from your computer if you already connected an interface cable.
2. Make a temporary folder or directory on your HDD (hard disk drive) as the location to save the downloaded self-extracting file, e.g. C:\temp
3. Download the file to the temporary folder or directory.
4. Once the download is complete, open the folder or directory and double click on the downloaded file to extract it.
5. Double click "**dpinstXX.exe**" in the folder created in **Step 4**. Please note there aren't any install screens or dialogue boxes after double clicking.
   Go to Step 6.
   - If you use 32-bit operating system, double click "**dpinstx86.exe**"
   - If you use 64-bit operating system, double click "**dpinstx64.exe**"
6. Connect the Brother machine to your computer.
7. You need to make sure if the installation of Brother original drivers is complete.
   Follow the instructions in the PDF file
   To check the printer driver, click here.
   To check the scanner driver, click here.

Become a DDC Training Center

As a DDC Training Center you'll share our indisputable status as the leader in driver improvement. DDC Training Centers use strict criteria to train the best-qualified instructors. NSC has certified more than 10 000 instructors to teach DDC courses.

NSC defensive driving courses meet the need

Today we have more courses than anyone and in more formats: classroom, packaged, online and self-study. That gives DDC Training Centers more ways to serve more customer groups than any other provider. NSC also offers onsite consultation and training for private training centers.

How to become an authorized DDC Training Center

Authorized DDC Training Centers sign an agreement to teach our programs as designed, purchase teaching materials and student guides, employ NSC certified instructors, follow published rules and procedures, and lease our videos if required.

There are three steps to start your future as an authorized DDC Training Center. The following must be submitted to the National Safety Council to apply for status as a DDC Training Center:

1. Training center agreement

Please sign and date the Training Center agreement, indicating courses you wish to teach. Only DDC Training Centers can offer the following courses: DDC 8/6, DDC 4, DDC Attitudinal Dynamics of Driving and *Alive at 25*. The training center agreement must be approved by the National Safety Council. There are two types of DDC Training Centers:

- **A private training center** is authorized to train its own employees.
- **A public training center** is authorized to present DDC courses to the public and employees of private organizations and government agencies.

2. Order form

All training centers are required to purchase the appropriate required teaching materials, including videos, instructor PowerPoint presentation and student course guides for their participants. Your order will be held until your agency agreement is approved by NSC and instructors complete the Instructor Development Course. DDC 8/6, DDC 4, DDC Professional Truck Driver and *Alive at 25* courses include videos leased annually to ensure course material stays up to date. As new videos are developed, they are automatically sent to training centers at no additional charge.

3. Verification of instructor credentials

All DDC instructors must be certified by NSC (by completion of the Instructor Development Course) to ensure DDC classes are taught consistently throughout the country, according to our Defensive Driving Course Manual of Rules and Procedures.

Windows® Fax and Scan

One place to scan and fax documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If you're using a modem, connect one end of a phone cord to the modem and then connect the other end to your phone jack.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard. If you're using a fax modem, and if, when you're asked, select your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with setting up fax, click the Help button on the toolbar.

SCAN After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files from your computer.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Vista Start, at the bottom of the Start menu, click **All Programs**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy the scanned image. For more help with scanning, click the Help button on the toolbar.

SERVICE & SUPPORT

Testing Your Fax Machine

After you have connected the fax machine to your telephone line, you can now test to see if is ready to send and receive faxes.

Here's how:

1. Program your full **10-digit** fax number into your fax machine
2. Send a test fax to 1 855-FX-CANON (1-855-392-2666).
3. Once our service receives your fax, a test page will be sent back to the fax number programmed into your machine. This process generally takes 2 to 3 minutes.

Of course, should you need assistance setting up your fax or with any of the steps above, we are here to help. Please refer to our online Knowledge Base / FAQs, Contact Us by Phone or Send Us an Email.

NEW!!

We now have the ability to supply case managers, insurance companies, and physicians with complete coding descriptions and justifications for individual patients validating every procedure required by the patient with fee's or without fees. Letters of medical necessity, initial evaluations and medical history, delivery receipts and more. Whatever you want.

When you send us a referral we can send you back each code, a complete description of that code and the justification as to why it is needed so that you know what you are authorizing and why this patient needs it.

This information is invaluable for your records. It provides documentation supporting your treatment plan and protects you in Medicare audits, Insurance Co. audits and internal audits.

We can send them to you at your request or automatically. We can send them to you by fax or email whichever you prefer.

If you would like to receive these for all of your patients or just certain types of patients call us and let us know to add you to this program.

INSTALLATION MANUAL

The enclosed cartridge is suitable for use in the printers listed on the package.

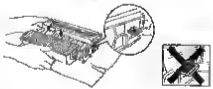
1 Press the release button to open the front cover of the printer.

2 Take out the drum unit assembly (drum unit with toner cartridge).

3 Push down the blue lock lever and remove the toner cartridge from the drum unit.

4 Unpack the new toner cartridge. Hold the cartridge and gently shake it from side to side for 5~6 times to make the toner inside loose and even.

5 Remove the protective cover.

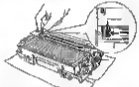


6 Insert the new toner cartridge into the drum unit until it locks into place and if you install it properly, the blue lock lever will lift up automatically.

Caution

Make sure the toner cartridge is installed properly otherwise, toner may come off from the drum unit.

Make sure you insert the toner cartridge properly otherwise, it may separate from the drum unit.



7 Clean the primary corona wire inside the drum unit by gently sliding the blue tab from side to side (for several times). Then, return the blue tab to the original position (◇) before installing the drum unit assembly in the printer otherwise, printed pages may have a vertical white stripe.

8 Install the drum unit assembly in the printer. Close the front cover of the printer. Installation is finished.

All brand names and trade marks are the exclusive property of their respective owners and are referred to here for descriptive purposes only. We are not associated with any printer and / or original printing supplies manufacturers.

Solved HP Fax Back Service.

08-23-2012 03:50 PM

I know of a lot of people who get an all-in-one printer with a fax feature, Well fear not HP has a tool that you can use to test your fax connection to use Once you have your fax setup-just send a one page-black and wh successfully you will get a fax back automatically If the return fax print everything is setup right If the fax doesn't print automatically or you nee with the setup or the phone lines. In very rare cases the Fax Back Service

Windows® Fax and Scan

One place to scan and fax your documents

FAX You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server, instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

Troubleshooting Steps

The steps below will help you resolve common faxing problems.

- Switch off fax machine and analog power adapter from device and from wall outlet. Let fax machine remain off for 60 seconds
- Try a different phone cord between the fax machine and the Vonage device
- Eliminate any splitters between the fax machine and the Vonage device.
- Connect Fax machine directly to the Vonage device, bypassing any home wiring
- If using an All-In-One device, temporarily disconnect device from PC

Test Fax from Westley

John 13:31-35 (NIV)

31 When he was gone, Jesus said, "Now the Son of Man is glorified and God is glorified in him. 32 If God is glorified in him, God will glorify the Son in himself, and will glorify him at once.

33 "My children, I will be with you only a little longer. You will look for me, and just as I told the Jews, so I tell you now: Where I am going, you cannot come.

34 "A new command I give you: Love one another. As I have loved you, so you must love one another. 35 By this everyone will know that you are my disciples, if you love one another."

Leader: Here is God's word to us.

People: Thanks be to God!

Signs of the Times

The following signs were actually spotted on or over U.S. businesses with proprietors who have a sense of humor.

At a car dealership: "The best way to get back on your feet - miss a car payment."

In a veterinarian's waiting room: "Be back in 5 minutes. Sit! Stay!"

In a restaurant window: "Don't stand there and be hungry; come on in and get fed up."

At a radiator shop: "Best place in town to take a leak!"

This is NOT a test Just the FAX, ma am!

spaced 7.5 to 10 cm apart. This will result in a pickup pattern similar to that of a dummy head. It can also provide sufficient isolation between both mics to allow playback over loudspeakers.

Spaced Pair (A-B)

Two (or three) microphones spaced 2 to 10 feet apart on either side of a center line. The spacing is determined by the width of the sound source and the distance of the microphone pair from it. A general rule is that the microphones should be placed one-third to one-half the distance from the announcer to the outer edge of the sound stage. A drawback to this technique is the strong potential for the introduction of phase discrepancies between the two channels due to differences in the sounds arrival times. This causes decrease in frequency response or the partial cancellation of sound components in the pickup field. Also potential for acoustic "hole" in the middle.

The most popular polar pattern with the A-B technique is the omni directional, especially where the ambience (natural reverberation and audience) of the event should be recorded also, and be recorded uncolored. The stereo information is determined by the difference in amplitude (inter-aural intensity difference) and arrival time of sound wave (inter-aural arrival-time difference). The intensity difference creates most of the stereo positioning, while the arrival-time difference creates a sense of space. Other polar patterns may also be called for depending on the application. However off axis sound will be colored or unnatural sounding, so using cardioid mics to mic a band or orchestra when there is an audience present will cause the audience sound. This polar pattern would also create a bigger hole in the middle. Often with a spaced pair, a third center microphone is used to compensate for the hole in the middle where the polar pattern doesn't reach. This is least necessary when using omnidirectional microphones. The spaced pair method is good for drum overheads, choir miking, and piano miking.

Decca Tree – spaced pair (omnidirectional mics) with center mic for filling in the whole in the middle.

Two engineers developed this array in 1954 while working for Decca Records. The spaced pair mics were placed about 4 A feet apart and the center mic was situated between them and about 2 ½ feet in front. This array is situated 10 to 12 feet in the air and just behind the space where the conductor's head would be. For larger orchestras, two additional mics or outriggers are sometimes employed as "riggers" mounted near the outer edges of the sound source (approx. 1/3 of the hall's width in from the side of the hall). These mic's output is then mixed in with the appropriate side.

Orchestra, Choir, and other large stereo miking situations

Accent mics can be used when necessary. These are microphones placed close to one performer or group so that they can be better heard in the stereo blend. Accent mics will sound "out of context" with the overall sound, since it is being introduced in the mix ahead of time. However, this can be fixed by delaying their signal according to the distance between the minute mic and the front stereo mics; one millisecond for each foot. This will cause the accent mic sound to arrive in the mix in the same time as it arrives in the stereo mic.

ALWAYS CHECK YOUR STEREO MIKING TECHNIQUE IN MONO
NEVER USE MORE THAN TWO MICROPHONES

Day 3 – Finish lecture, set up all mic configurations in class and record class discussion to DAT. Hand out Stereo Miking Techniques Worksheet and have them complete for homework.

Day 4 – In studio (SSL) Demonstrate various stereo miking techniques, i.e., Acoustic Piano, Acoustic Gtr., room ambience, phase cancellation, critical distance. Review DAT tape, taking most time with M-S. Wire speaker out of phase and demonstrate acoustical out of phase

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here s how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-858-877-1655 (a toll-free number in the United States) When it s finished transmitting, point your web browser to Fax Toy — it s a fun web site that displays whatever is faxed to that number Within a minute, your fax should appear on the site Click the thumbnail to see a large version

To test the receive functionality of your fax machine, point your web browser to FaxZero this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully It will automatically answer and spit out the test fax

IMPORTANT INFORMATION ABOUT
WHAT CHANGES YOU MUST REPORT FOR FOOD STAMPS

General Telephone No. for Questions or Help: (718) 398-5057

Most Food Stamp households with income will only have to report changes every six months, with one exception. You will either be asked to re-certify at this six-month checkpoint, or will be sent a mail report form for you to report changes. The one exception for households subject to six-month reporting is if your household's total gross monthly income is over 130% of the poverty level. Special reporting rules for Non-Six Month Reporters, and for Able Bodied Adults Without Dependents ("ABAWD's") are explained below (please see the reporting rules that at the end of this section to see if these rules apply to you).

At application or recertification, when changes occur between the Date of Interview and the date the Notice of Eligibility is issued, the household will have until 10 days following the end of the calendar month the Notice of Eligibility was issued to report any changes.

If your household's gross monthly income is more than $1,570.00 (130% of the poverty level) you must report this monthly amount to your social services District by phone, in writing, or in person within 10 days after the end of the month. Gross income is the amount of income before taxes and other deductions are taken out, not the amount you receive when you cash your check. We must use the gross income in figuring your eligibility for food stamps.

Any other kind of income that you receive besides earnings must be added in your gross earned income in order if you are over 130% of the poverty level. Examples of other income that must include child support payments, Unemployment Insurance, temporary assistance payments, Workers Compensation or disability payments such as Social Security, SSI or private disability payments.

For example, if your only income is from earnings, you are paid weekly and your gross income is over $394.75 a week, or if you are paid biweekly and your gross income is over $789.50 biweekly, you must report this to us within 10 Days after the end of the month. When you add up your earnings to see if you are over 130% of poverty, use your gross pay from the last four weeks of the month.

If you are an Abim-Bodied Adult Without Dependents ("ABAWD"), you must tell us if your work hours go below 80 hours a month. You must tell us this within 10 days after the end of the month when your work hours fell below 80 hours.

Any other changes to your Food Stamp household including when items with you, resources, and gross income changes under 130% of the poverty level do not need to be reported until your next recertification. You may still voluntarily report any change about your household and, if this change will increase your benefits (and you verify this change, we will increase your benefits.

If you only report once a year for recertifications (12 month certification period), and do not receive Temporary Assistance, you will be required to report your changes on one mail report received 8 months into your certification period.

These reporting rules apply only to the Food Stamp Program, if you also receive Temporary Assistance (TA), you are still required to report changes for TA within 10 days of the change and at recertification.

If you have questions about this reporting requirement, or if your gross income exceeds the 130% poverty level printed above, you may call the number printed at the top of this letter. Otherwise you will be required to recertify at your next scheduled recertification date and can report any changes you have at that time.

Reporting Rules for Non-Six-Month Reporters, and for Able Bodied Adults Without Dependents ("ABAWD's):

There are a few households who still have to report changes affecting their eligibility and food stamp benefits as the change occurs. You must report changes within ten days after the end of the month in which the change occurred, if your household:

1. is without any income, or
2. has no earned income, and all adults (individuals age 18 and older) are either disabled or over age 58, or

- You will be called the day before your fumigation is scheduled between 4:00pm and 5:00pm and given a two hour window of when we will arrive the next day.

Finish Time:

- You can re-enter your home after 5pm on the third day.

Removal of Food

- All food must be left inside the home & will be bagged with special labels supplied by Astro Termite.
- The only foods that can be left inside are those still in their original, unopened containers, all other open food must be removed.
- This applies to all pantry items, kitchen, BATHROOM AND MEDICINES. Special instructions on how to bag this food will be supplied with the bags, by Astro Termite.

Plants:

- All interior and garden plants must be removed. Cacti, all plants left inside WILL DIE.

Pets:

- All pets need to be taken with you; pets cannot be left inside the home.
- Fish also need to be removed, after the fumigation the water needs to be changed.

Clothes/Linens/Dishes/Pots and Pans/Silverware:

- Can all be left inside the home and DO NOT need to be washed after the fumigation.

Gas:

- The gas needs to be shut off at the fumigation. Astro Termite will not be the one to shut off the gas, it will be up to the resident. THE GAS COMPANY MUST HAVE ACCESS TO THE GAS METER AND LOCKS CAN'T BE ON DOORS
- We need to call the gas company in advance, to tell the gas can not be turned back on. Tell the gas company (1-800-427-2200) that your residence is to be fumigated, you can get back into your home on ____Weds May 15th____, they will set up a time to turn your gas back on ____Thurs May 16th____
- You must keep the pilot lights off on the gas heater, as well as the oven. If the gas company re-relights service

Cars in the garage:

- Cars may be left in the garage during fumigation, but must be left UNLOCKED, with access to the trunk.

House preparation:

- All interior room doors, cabinet doors and drawers must be left open for the gas to flow freely throughout the house. All windows and exterior doors will be locked and sealed at the completion of the fumigation process.

Access to Unit and Garage:

- We need to enter each unit to drill the gas pipe for the fumigation.
- Please have your keys ready for us the morning we start, or leave keys under your front door mat.

RE: Pruning Project

Date: May 19, 2017

PRUNING OF COMMON AREA TREES

At our September meeting this past fall, it was voted and approved to have our common area trees pruned and spruced up (no pun on words intended)

By the time we this to work order the fall had come, it was late so it was deferred to work until spring of 2017

At the end of April we did a *Walk-Through* with Jeff Brewarski who will be doing the work for us noting many trees that need immediate attention. Thanks to David Gold for the help

At the September Association meeting there were unit owners who wished *to opt out* of this program and handle the pruning on their own, with their own providers.

If you **DO NOT WANT** Brewarski to do your trees, please let the Board know, so your unit will not be touched

By informing us of your wishes, we will be able to fairly divide the cost among the remaining Condo owners for special assessment.

Once you have responded to this MEMO, then you will be informed of the cost, payable to whom, and when and where to drop off your checks.

Please let any board members know by May 25th **ONLY IF YOU WISH TO OPT OUT.** Otherwise we understand **ALL** will take part.

It is a pleasure to serve our lovely Simsbury III complex

IF I HAD MY LIFE TO LIVE OVER
by Erma Bombeck

- I would have talked less and listened more. I would have invited friends over to dinner even if the carpet was stained and the sofa faded.
- I would have eaten the popcorn in the "good" living room and worried much less about the dirt when someone wanted to light a fire in the fireplace.
- I would have taken the time to listen to my grandfather ramble about his youth.
- I would never have insisted the car windows be rolled up on a summer day because my hair had just been teased and sprayed.
- I would have burned the pink candle sculpted like a rose before it melted in storage.
- I would have sat on the lawn with my children and not worried about grass stains.
- I would have cried and laughed less while watching television - and more while watching life.
- I would have shared more of the responsibility carried by my husband.
- I would have gone to bed when I was sick instead of pretending the earth would go into a holding pattern if I weren't there for the day.
- I would never have bought anything just because it was practical, wouldn't show soil or was guaranteed to last a lifetime.
- Instead of wishing away nine months of pregnancy, I'd have cherished every moment and realized that the wonderment growing inside me was the only chance in life to assist God in a miracle.
- When my kids kissed me impetuously, I would never have said, "Later. Now go get washed up for dinner."
- There would have been more "I love yous" ... more "I'm sorrys"... but mostly, given another shot at life, I would seize every minute... look at it and really see it... live it...and never give it back.
- In memory of Erma Bombeck who lost her fight with cancer.

Jesus Christ
The Lord, God
In Heaven

Dear Jesus Christ,

Thank you for what you have given me so far. If possible, give me the talent to not waste what you have given me! Please bless my mom with a son who is able to provide for the whole family and friends as a perfect person should. Amen

Thank you for the Epson Stylus NX230 printer Lord. Unfortunately I am running out of ink. I pray that I always have enough ink as well as any other resources I need. Resources such as protection from Satan, the devil, all evil spirits, etcetera! Amen. Resources such as true family, true friends, and so forth. Resources such as a place to stay that is of luxury.

Thank you to my mother for working so hard for what she has. Even a hamburger that has been bought from What-A-Burger is a luxury! $8 can feed a family for a week through mass purchases I am guessing.

In any case, I am still a kid who still has problems with temptations. I am better now staying away from naked pictures of attractive women. However, I still have a problem using fake Microsoft environments such as VirtualBox with Chessmaster 10th Edition rather than the real thing. If it can be perfect somehow, then please give me the merits to do so all my life and beyond without fail! Amen.

Sincerely yours,

Tien Nguyen

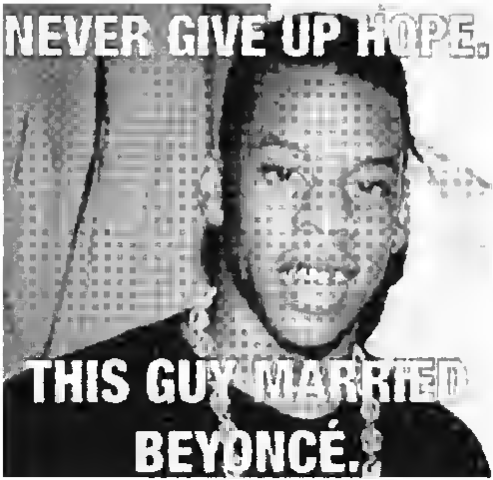
Test Pattern 2.4

To test the send functionality of your fax machine, send a one page fax to
1-855 330 1239
(a toll free number in the United States) When it's finished transmitting, point your

web browser to Fax Toy - it's a fun web site that displays whatever is faxed to that number
Within a minute, your fax should appear on the site. Click the thumbnail to see a large version

To test the receive functionality of your fax machine, point your web browser to FaxZero
this site lets you send faxes for free to anywhere in the United States and Canada
Within
a few minutes, your fax machine should ring - hopefully, it will automatically answer and
spit out the test fax.



NEVER GIVE UP HOPE.

MARK'S NEW

TEST FAX.

HAPPY THANKSGIVING

TO ALL

THE CREW.

Step 3 Make a Test Call Using OBiTALK

At any time, you may either a test call to the OBi Number below:

OBiTALK Test No.

Dial **9 followed by: 222 222 222

Your OBi is ready to make FREE calls to other OBi endpoints using the **OBiTALK** network. On the bottom of your unit, you will see a 9-digit OBi Number. This is **your** OBi Number. Give this number to your friends, family and colleagues so they can call you from their OBi device or using the OBiCON iPhone and Android apps for smart phones.

To use the **OBiTALK** network, all you have to do is install your OBi, pick up the phone and then call your friends by dialing ****9** and **their** nine-digit OBi Number.

Step 4 Set-Up an OBiTALK Account Then Add Your OBi to the Account

Go to **www.obitalk.com**

Register for an **OBiTALK** account. This will a few you to easily activate devices and add any commercial VoIP services used with your OBi

The first time you log-in to OBiTALK, a pop-up window will appear allowing you to add your device

Click "Yes" to add Your OBi Device to the OBiTALK Dashboard. After add eg your device you will be able to set up voice services and other configuration information. Multiple devices may be added to a single account.

Follow the on-screen instructions to add your OBi device to your OBiTALK account.

Once added, you will be directed to the Device Configuration page

- Set your OBi display name, time zone, and daylight savings values.
- Select the "Save Changes" button

Step 5 Set-Up VoIP Services

After you register and add your OBi device at www.obitalk.com, the OBi Device Configuration page will help you set up commercial VoIP services such as the Google Voice™ communication service.

Do this by selecting the **Google Voice Set-Up** button. You may also select from any one of the other listed service providers. If your service is not there, you may use the Generic Service Provider option.

Generally, all you need to set-up a service is the User Name and Password for the service.

Note: You will need to choose what phone port is to be used with the selected service. By default, both phone ports - Phone 1 & Phone 2 will work with the first service you initially configure on your OBi702.

ZoomRx Healthcare Surveys
Simple Surveys. Instant Payments.

Dr. Fax Toy

You should join ZoomRx's HonoDoc Physician Network.

What is ZoomRx?	ZoomRx is a company that helps pharmaceutical companies get feedback on their products and services from physicians like you.
What kind of surveys?	We will periodically send you short, easy to answer surveys.
Why should I participate?	ZoomRx is a great way for you to share your experiences and contribute to research.
THE RUSH *Why is this worth my time?*	Our surveys are specifically designed to fit into busy physicians' schedules. Each survey takes only a few minutes to complete, and you will be compensated for your time.

Join through our partnership with healthcare industry survey provider World Opinion Panel. Just fill out the form and we'll send you a unique URL to the open, secure, and private survey. It takes a couple minutes to complete, and you'll receive a check in the mail for your time and effort. Your responses are kept confidential.

Sounds interesting. How do I get started?

It's easy as 1-2-3.

1. Go to www.zoomrxsurveys.com/getstarted and enter the application code:

TV tech explainer: Every HDTV technology decoded

Don't let jumpers and making terms like 240Hz, 1080p, LED, contrast ratio and 4K confuse you. Find out what they all mean—and which ones matter—here.

by Geoffrey Morrison

(Credit: Geoffrey Morrison/CNET)

Shopping for a TV can seem like a non-stop flood of numbers and jargon: contrast, 1080p, 240Hz, HDMI, 3D, and more. While some of these terms are descriptive, others are designed to fool you into thinking one TV is better than another, when actually it isn't.

Compiled here is a directory of every term you'll need to navigate the TV waters. Instead of one long article describing it all, it's broken down into sections so you can find just what you're looking for.

Picture quality

The most important aspect of picture quality is contrast ratio. The problem is, every manufacturer lies about their contrast ratio. Contrast: Here for how every TV manufacturer lies to you.

Adjusting your TV's color temperature can make the image more realistic. But what is TV color temperature?

Having trouble figuring out the difference between the different TV technologies? Check out LED/LCD vs. plasma vs. CRT.

Most of the ads you'll see talk about "LED TVs." There's no such thing as an "LED TV." Find out why LED does not mean a better picture.

The ability to create a uniform image, like a solid screen of black or white, is difficult for many LCDs and LED LCDs. But is LCD and LED LCD HDTV uniformity a problem? In short, yes.

One of the early concerns with plasma TVs was the possibility of an image getting stuck or "burned" into

Hi,

I stumbled upon your Hot Pepper Sauce at my local ShopRite. I love it its delicious! The fact it has NO SODIUM is a big plus, very hard to find in a condiment. Unfortunately they ran out of it and they tell me they can no longer get it

I ordered a 12 pack from Walmart but the date on the bottles were already expired so I returned it. Do you still make it? Where can I get it? Why can't I find it?

Intended Use

The sprayer is intended for use in spraying agricultural pesticides and other non-flammable liquids

SPRAYING PESTICIDES:
Pesticides are hazardous chemicals that must be handled with caution as directed throughout this manual and on the pesticide label Pesticides are regulated by the United States Environmental Protection Agency (EPA) and defined as

Any substance or mixture of substances intended for preventing, destroying, repelling, or mitigating any pest Though often misunderstood to refer only to insecticides, the term pesticide is a comprehensive term that applies to insecticides, herbicides, fungicides, and various other substances used to control pests.

The sprayer is intended for use in spraying pesticides in liquid form only The sprayer is NOT intended for use in spraying pesticides in dry or atomsized form, or for use with fumigants.

Some formulations of liquid pesticides do not remain in solution and should be agitated to maintain a uniform mix An optional *agitator* (Item #28520) accessory is available for use with this sprayer and should be used when spraying pesticides classified as "flowable" ("F" or "L") "wettable powder" ("WP" or "W"), ' emulsion" ("EC" or "E"), "microencapsulated" ("M"), or water dispersible granules ("WDG" or "DF") (See pesticide label to determine its classification)

Sprayers 268100, 26810, and 268120 come equipped with a spot spray gun for applying

Melissa Johnson makes $28/hr every day working part-time from home on her computer. Others are even reporting earning as much as $568/hr per day from their computers

Have You Ever Thought About Working Online?

Melissa Johnson of Dallas, TX never thought she would have a job working at home until one day she filled out a simple form online. Before and knew it, and discovered her secret to beating the recession and being able to provide for her family while at home with her two children.

I read Kelly's blog last month and decided to feature her story in our local job report. In our phone interview she she told me her amazing story. "I actually make about $7,000-$10,000 a month using the internet. It is enough to comfortably replace my old jobs income, especially considering I only work about 10-15 hours a week from home.

Working online has been a financial windfall for Kelly who struggled for months to find a decent job during the struggling economy. "I lost my job shortly after the recession hit. I needed reliable income. I was not interested in the "get rich quick" scams you see all over the internet. Those are all pyramid scams or stuff where you have to sell to your friends and family. I just needed a legitimate way to earn a living for me and my family. The best part of working online is that I am always home with the kids. I save a lot of money."

Kim did the following things wrong:

- She left the eggs and dairy at room temperature for too long. The quiche filling was at room temperature for four hours and 15 minutes. The leftover eggs and dairy were at room temperature for five and a half hours. She should have thrown away the leftover egg and dairy.
- She used the wrong kind of thermometer to check the internal temperature of the quiches.
- She let the quiches cool at room temperature and did not store them correctly.
- She did not clean and sanitize the prep table by the mixer after she finished preparing the quiches.
- She did not clean and sanitize the salad prep table after cutting the melons and before prepping the other fruit.
- She should have washed her hands before making the quiches.

⚠ Important 911 Information

Comcast wants to make sure that you are aware of important differences in the way 911 service operates with Comcast Digital Voice compared with traditional telephone service. Here's what you need to keep in mind:

Differences between traditional 911 service and Comcast 911
Be advised that Comcast 911 service is less reliable than traditional 911 service. Some callers do not support enhanced 911 service and your emergency call may be routed to an emergency response center which does not keep your contact information on file.

Be prepared during any service interruption.
Comcast phone service depends not only on your continued subscription and payment for the service, but also on an Internet connection and power to function. In the event of power, network, or Internet outages including congestion, or if your service is disconnected or suspended due to non-payment, you may experience a limit, delay or inability to use your 911 service. We recommend that you keep an alternate phone service (such as a cellular telephone) and its number available to you and access to emergency services during any service interruption.

Do not disconnect.
Until you are told otherwise, you must not disconnect or disable the Comcast 911 call. If you are inadvertently disconnected, call back immediately.

Keep your service address up to date.
Comcast will attempt to provide the emergency operator with your service address, so please ensure that your information is correct. You may update your service address online at my.cable.comcast.com, by calling customer support at 1-866-911-3862 (yes, do not dial 911 for example, if you are unable to speak during a 911 call). The emergency operator may assume that you are calling from the last registered address.

Inform other users
You must notify members of your household and other potential users of your Comcast phone service of the nature and limitations of 911 emergency calls.

Limitations of Liability.
Comcast's terms of service limit Comcast's liability related to Comcast 911 service, so please read these carefully.

For a complete description of your Comcast 911 service, please see Comcast's terms of service at www.comcast.com/911

Please keep this notice with your phone.

⚠ Safety Information

When using telephone equipment, including the Comcast Digital Voice™ service, basic safety precautions should always be followed to reduce the risk of fire, electric shock, damage to equipment, loss of personal property, severe injury to persons or even loss of life, including the following:

- Do not use this equipment and all its associated components (the router, for example) near a bath tub, wet basin, kitchen sink, laundry tub, in a wet basement, near a swimming pool, under liquid (drainage pipes, small drainage, other liquid).
- Avoid using this product during an electrical storm. There is a remote risk of electric shock from lightning.
- Use only the power cord and batteries indicated in the manual. If necessary, ask a service person to provide adapter form.
  Comcast cannot be responsible for the wrong part number.
- This equipment should not be used in extreme hot or cold temperatures. Avoid placing the equipment near a heat source, fireplace, stove, or other electronic devices that emit excessive heat.
- Do not place objects on the power cord. Be sure the cord is not located where it can be stepped on or tripped over.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the document.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software, and operating system. Fonts and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and downloaded a page at a time for fast display on the Web.

Feature Story

Peterbilt and Kenworth launched two new vehicles at the 41st annual Mid-America Trucking Show in late March. More than 80,000 people attended the show, held in Louisville, Ky., with 1,070 exhibiting companies representing 47 states and 8 countries.

Kenworth and Peterbilt Launch the Next Generation of Aerodynamic Vehicles at the Mid-America Trucking Show

PACCAR introduced the new Kenworth T680 and Peterbilt Model 579 at the annual truck show. "These exciting vehicles are the result of a four-year, $400 million program that designed and developed a family of premium-inspired aluminum cabs, installed sophisticated robotic manufacturing processes and is supported by PACCAR's comprehensive aftermarket finance and parts programs," said Mark Pigott, PACCAR Chairman and Chief Executive Officer.

PACCAR has made a significant investment in these new products which reflects the company's strategic growth plan, driven by its excellent operating cash flows and strong balance sheet. These premium aerodynamic trucks, powered by the fuel-efficient PACCAR MX engine, deliver outstanding performance, high reliability and low cost of ownership.

Growth Opportunities Driven by Technology Leadership

"The development of these innovative, fuel-efficient Kenworth and Peterbilt vehicles was driven by PACCAR's global leadership in the application of software and hardware aftermarket technologies, which enhance the quality of all PACCAR products and services benefiting our customers and dealers," said Dan Sobic, PACCAR executive vice president.

PACCAR has invested in its Kenworth and Peterbilt assembly plants in Ohio and Texas by installing state-of-the-art, automated assembly cells to build the new cabs for the T680 and the Model 579. Manufacturing of the two new trucks will begin in mid 2012.

Product Line Expansion

"These new Kenworth and Peterbilt vehicles expand the product lines into the 2.1-meter wide cab market, with over-the-road sleeper trucks for fleets and lightweight day-cab vehicles," said Bob Christensen, PACCAR executive vice president. "The T680 and Model 579 complement our successful family of vehicles, including the robust Kenworth T800 and Peterbilt Model 386 in the 2.5-meter cab width market and the industry-leading long-haul Kenworth T700 and Peterbilt Model 587 in the 2.5-meter cab width tractor market."

Kenworth

The Kenworth T680's stylish mid-aerodynamic design benefits from the sculpted full-height roof and side extenders,

Kenworth T680

The new Kenworth T680 was engineered with 6.5% more storage capacity, a 50% larger windshield, 40% less interior noise, 30% larger door openings, and best in-class forward lighting.

BACK

At present a request for density output cards on a densitometric computations run yields density cards corresponding to densitometer densities If the test code used involves E N D conversions th density output cards will be punched with a separate conversion program to correspond corresponding to individual steps are punched wh red

I prop sity card output is requested, plotted densities are p d out I ld simply be the average densities If the test code calls for E N D conversion it would be the E N D densities that are punched out If the test breaks down e g because of range check failure we would get cards punched out for individual steps since individuals are plotted in that case

I would appreciate your comments on this proposal by January 2 1971

29.4.1 FORCE_ALERT Message (Function Code 0x0409)

Diagnostics Class – 0x01	Command Type – 0x00	Function Code – 0x0409
Configuration – Device Level	Configuration Change	FORCE_ALERT

The **FORCE_ALERT** command generates an alert error condition in the device. This can be useful for testing Host error condition handling, and also in preparation for a Coredump (or even the device itself may issue a fatal) alert message.

The **FORCE_ALERT** command can be used to generate a "fatal alert" that will flush the ARM caches, and also save important working data that would otherwise be lost during the Coredump process (that is, device RESET) when using CSM_ENCAPS events.

The command takes a single 16 bit parameter which specifies the Alert Type generated by the device. When preparing for a Coredump, it is recommended to use Alert Type 0x0024, which generates a data abort. (Alert Types are described in the section 29.4 Alert Diagnostic Indication Format on page 525.)

Parameter 1 (FIFO Word 4) Alert Type to be generated

FIFO Word	Description
4	Bits 15:0 **Alert Type** to be generated Alert Type 0x0024 (Data Abort) is recommended (Coredump)

29.5 Diagnostic Output Paths

Diagnostic messages and responses can be transferred between the MSP Device and the Host using the PCIe/IP interface or the DMII Ethernet interface (using Open Diagnostics and CSM_ENCAPS).

Open diagnostics have the ability to be redirected to a different output. Redirection can relieve the load for a Host to recognize some of capture debug information when needed. With redirection, the diagnostics can be redirected to Ethernet (for instance) where the debug information will be automatically routed to a designated sniffer.

- Path 1: REDIRECT OVER CSM_ENCAPS or REDIRECT OVER IP/UDP
- Path 2: PCIe/IP

29.5.1 Sequence for Configuring Unified Diagnostic Commands Example

- SET_TDM_PARAMS – Device Level Configuration Host
- SET_ETH_HDR_DEVICE – MSP Device Source MAC Address
- IP SERVICE_CFG – required before SET_IP_HDR command
- IP_ADDRESS – MSP Device Source IP Address
- ARP_SERVICE_CONFIG – option for Host
- NIF_SELECT – NIF of Ethernet interface to which Open Diags will be redirected
- REDIRECT OVER CSM_ENCAPS or REDIRECT OVER IP/UDP
- SUPVSR_CREATE_CHANNEL

After the SUPVSR_CREATE_CHANNEL command, the "Enable diag" commands can be issued before or after enabling Voice (VUMENA) on a specific channel. If traces are required from the beginning of a voice call, the "Enable diag" command must be sent before enabling voice on a specific channel.

HI ART,

SORRY YOU COULDN'T MAKE IT TO LUNCH TODAY. MISSED YOU, BUT I TOLD THE BOYS WE NEED TO WORK AROUND YOUR SCHEDULE, SINCE YOU'RE THE ONLY ONE MAKING A LIVING.. HEE.

IT WAS GOOD SEEING JOHN, DON AND DAN. THE RING WAS BEAUTIFUL AND FIT JUST RIGHT. THE ONLY PROBLEM WAS MY NAME WAS SPELLED WRONG ON THE PLAQUE AND PROGRAM. IT ALSO DIDN'T HAVE MY C A A. LABEL AT THE END OF MY NAME.

IS IT TO LATE TO MAKE CHANGES BEFORE THE A.I A. PLAQUE IS HUNG AT THE OFFICE

THE FOLLOWING WOULD NEED TO CHANGED:

BO BEAR WHITELOCK C.A.A. INSTEAD OF WHITLOCK

ADD: ARIZONA COACHES ASSOCIATION HALL OF FAME INDUCTEE

ADD. C.A.A. AT THE END OF MY NAME

THANK YOU SO MUCH ART FOR YOUR HELP IN THIS MATTER. LET ME KNOW WHAT YOU NEED ME TO DO AT THIS POINT. I JUST WANT TO GET IT RIGHT FOR THE AIA OFFICE PLAQUE AND MY PLAQUE. ALSO PLACING THE CAA LABEL ON AIAAA RECORDS OR FURTHER COMMUNICATIONS. (I0 ALSO LIKE TO CHECK OUT THE TAPE THAT WAS SHOWN..... THANKS ART.

[illegible]

[illegible] oCell can cover up to 15,000 square feet, depending on the building's layout and construction materials. There are some scenarios where this, a 2nd or 3rd MetroCell may be required. However, be aware of the following considerations:

If the MetroCells are too close to each other (e.g. a MetroCell to a Distributed Antenna System (DAS)) then signals may interfere with each other, creating poor performance.

If the MetroCells are too far away from each other, a call in progress may drop when there is no signal coverage.

For optimal performance (described, a custom Radio Frequency (RF) design should be performed by a qualified RF engineer using sophisticated equipment, followed by on-site tuning of the antennas, power and other settings. This level of customization is NOT included in the standard installation appointment offered by AT&T.

In the absence of such a custom design, the following guidelines are provided:

1. Install the first MetroCell and activate it. If possible allow some flexibility to be able to move the cell to the [illegible] location.

[illegible]

[illegible] with the [illegible] the MetroCell device:

Parameter	Value
Temperature range	0 °C to +50°C (32°F to 122°F)
Relative humidity	Up to 85%

2. Move the [illegible] away from the first MetroCell by walking around the building at the middle of the area of signal strength on a handset. Identify the edge of the area covered by the first MetroCell where signal strength is between 1 and 2 bars. This is still far away from the first MetroCell, but should be the area where the property owner has indicated that [illegible].

3. Install the 2nd MetroCell at that distance away from the edge of the coverage area identified in step 2 so that it is very close to the first MetroCell, but the coverage areas overlap.

4. Install and activate the 2nd MetroCell. If possible, allow some flexibility to adjust the coverage area in this step.

5. Perform call tests from points throughout the combined coverage area, especially in the overlap area, where interference between the two may adversely affect call quality. Call the local wireless carrier to verify maintenance, switching, and voice quality. Adjust the locations of the MetroCells if necessary to achieve the best performance.

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone* ***anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created regardless of fonts, software, and operating systems. Fonts and graphics are not lost due to platform, software, and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

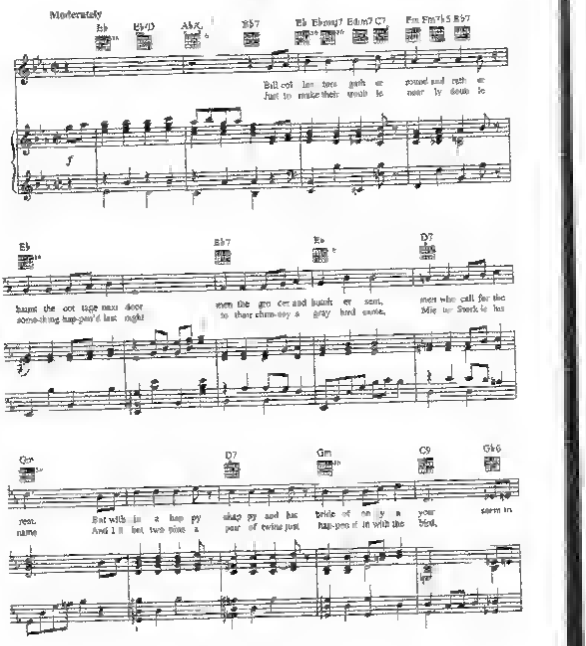
AIN'T WE GOT FUN?

from BY THE LIGHT OF THE SILVERY MOON

Words by GUS KAHN and RAYMOND B. EGAN
Music by RICHARD A. WHITING



Moderately
Rain or shine, we've no time to moan,
Just to make their wealth go round and round is
Ev'ry morn the gro-cer and butch-er sent,
haunt the ot-tige next door
some-thing hap-pen'd last night
Ev'ry morn the gro-cer and butch-er sent,
Mis-ter Shork is his
men who call for the
rent.
Ain't we got fun?
Out in the park, ev'ry night,
Ain't we got fun?
Ev'ry day is filled with laughs and sunshine.
In the meantime,
In between time,
Ain't we got fun?
Ain't we got fun?
Ev'ry night, ev'ry day,
Ain't we got fun?
Ev'ry day is filled with joy and sunshine.
In the meantime,
In between time,
Ain't we got fun?

Wireless Security Setup

Please keep for your records

Your new Wireless DSL Gateway will enable you to take full advantage of some of the newest technologies available today. It is simple to use the wireless networking features built into your new Wireless DSL Gateway.

Sticker (Wireless Gateway)

To connect your computing devices to the Wireless Gateway you will need to refer to information located on the bottom of the Wireless Gateway.

Sticker (example)

Copy the WiFi Protected Access2 (WPA2) KEY and Enhanced Service Set Identifier (ESSID) from the sticker on the bottom of the gateway (ARE ID is not required for wireless setting). The Wireless Gateway uses WPA2 encryption by default. To use the default setting, your wireless PC must be configured for WPA2 encryption.

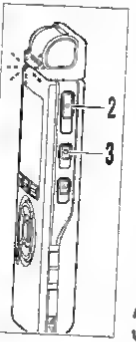
Recording

Before starting recording, select a folder between Folder A to Folder E. These five folders can be selectively used to distinguish the kind of recording, for example: Folder A might be used to store private information, while Folder B might be dedicated to holding business information. Newly recorded audio will be saved as the last file in the selected folder.

1 Press the FOLDER button to choose a folder in which to make a recording.

Every time the FOLDER button is pressed folders will switch(☞ P20)



2 Press the REC button to start recording.

The record/play indicator light glows red. Turn the microphone in the direction of the source to be recorded. The display changes depending on the recording mode (☞P30). When the exclusive remote control is connected, the remote control's REC/STOP switch will work the same as the recorder's REC and STOP buttons.

Display in the standard recording mode

Display in the monaural recording mode

ⓐ **Current recording mode**
ⓑ **Recording elapsed time**
ⓒ **Memory remaining indicator (E/F bar)**
(The bar indicates remaining memory)
ⓓ **Level meter** (varies according to the sound volume being recorded)

Every time the Display button is pressed while recording, "Recording elapsed time" and "Remaining recording time" cycles in the location indicated by ⓑ.

3 Press the STOP button to stop recording.

Hello!

This is a sample test file which is being sent to you as per your request via the Interpage FreeFax(sm) Service!

This service is intended to provide a preliminary evaluation as to the quality and timeliness of Interpage's subscription fax service(s).

If you review the cover sheet which was transmitted with this fax, you will note the first letter of the name you had indicated in the TO: field of the FreeFax request page. This letter serves to correlate the fax request which you had sent with the trial fax transmission result.

This file is a sample MS Word file; many other file types are supported.

If you have any questions regarding Interpage's OutFax(sm) Service, including the FaxUnlimited(sm) service with no-per or per-minute charges, please feel free to contact us at:

Phone: +1 (510) 315-2750 9AM to 5.30 PM M-F Pacific Time

E-Mail: fnal-support@interpage.net

Thank you for your interest!

Notes: 1. Due to the malicious use of the FreeFax service, Interpage will no longer transmit personalized text messages, only the above fixed sample message will be transmitted. You may establish a trial account for evaluative purposes by filling out the form located at *http://www.interpage.net/cgi-bin/free-fax-trial.html*, omitting any billing information, and clearly indicating a valid e-mail address and contact telephone number. Please call (510) 315-2750 for additional details.

2. This fax is not a solicitation nor is it an offer. If you were by a visitor to Interpage's web site who entered your destination number as a recipient of this test fax. A single destination may not receive more than two tests in a given week, however, if you find that someone is sending you faxes in a continuous and abusive manner, please call us at (510) 315-2750 and we will block your fax number from the FreeFax service.

CHASE

IMPORTANT INFORMATION REGARDING CHASE'S MORTGAGE LOAN PRODUCTS

This document states some basic terms of the loan products available from Chase, as well as describes some of the documents you'll be asked to sign at closing. Please read all documents provided to you. A number of important terms won't be contained here. Be sure to understand all terms of your loan, including any fees or charges that apply. Seek any professional help you need to fully understand your loan terms, such as a lawyer, accountant, tax advisor or translator if English is not your primary language. If you have any questions about the terms of any loan, please contact your mortgage banker. Three days after your loan application is received, we will send you a "Good Faith Estimate" of closing costs, and if your loan is being used to purchase the land or initial "Truth in Lending" statement, which will more specifically spell out the costs associated with the specific loan you have chosen. **THIS DOCUMENT IS A SUMMARY ONLY, AND DOES NOT CONSTITUTE A COMMITMENT TO MAKE A LOAN.**

Side-By-Side Comparison Of Chase Loan Products.

KEY Fixed = Fixed Rate Loan ARM = Adjustable Rate Loan I/O = Interest Only	Fixed	ARM	I/O (Fixed)	I/O ARM
Can my monthly principal & interest payment go up over time?	NO*	YES	YES	YES
Can my interest rate go up over time?	NO*	YES	NO*	YES
Can my loan balance go up, even if I make all payments in full and on time?	NO	NO	NO	NO
Will any scheduled payment exceed the normal monthly payment?	NO	NO	NO	NO
Will my normal payment cover only interest at any point during the loan?	NO	NO	YES	YES
Will my normal payment include funds for insurance, taxes and other charges?	YES**	YES**	YES**	YES**
If I choose to provide Chase with less documentation of my income or assets, will I pay additional costs?	NO	NO	NO	NO
Will I have to pay a fee if I pay off the loan in full ahead of schedule?	NO	NO	NO	NO
Will I have to pay a fee if I pay more than the required monthly payment?	NO	NO	NO	NO
Will I pay an additional fee if my payments are late?	YES	YES	YES	YES

*On some products, Chase offers a voluntary "temporary buydown" arrangement, which can provide a lower initial payment, but eventually step up. Upon expiration of this arrangement, the payment and/or interest rate may increase. The chart above assumes that the borrower does not choose to participate in this program. No borrower will be enrolled in this program without his or her voluntary consent.

**At your request, Chase may permit an "escrow waiver" meaning that you will make your own payments for taxes and insurance directly to your tax collector/insurance company rather than including those payments with your mortgage payment. Chase is not required to approve an escrow waiver request. If such a request is made and approved, your monthly payments may be lower, but other additional costs may apply. Even where an escrow waiver is approved, Chase may cancel it later if you fail to make your tax and insurance payments on time.

General Information About Various Types Of Mortgage Loan Features

Adjustable Rate Mortgages (ARMs) Adjustable Rate Mortgages have interest rates that start out fixed for a period of time, then after that time expires, the rates change (or "adjust") throughout the remaining term of the loan. The lender calculates your note rate at each change date by adding an "index" and "margin" together. The index is usually an adjustable rate that can be found in major newspapers or on the Internet, and adjustments to this rate are outside the lender's control. The margin is an additional rate that usually stays the same during the life of your loan. As the index changes over time, so does your rate. Because the rate can change, the payment can also change. At the beginning of a loan term, Adjustable Rate Mortgages typically offer lower rates than fixed rate loans. But adjustable rates go up and down over the term of the loan, and over time may cost more than a fixed rate loan. The beginning rate, the change dates, the index, and the margin will be stated in the loan documents.

Interest Only Mortgages (IOs) Interest Only Mortgages provide for "interest only" payments during a portion of the term of the loan, which cover only the interest accrued on the loan during the month. Interest only payments do not reduce the principal balance, and as a result are lower than payments that include principal. Interest only payments only last for a certain period of time. After that, your monthly payment will increase to begin paying down the loan principal.

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I d like to test it just to make sure it works How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here s how to do both

To test the send functionality of your fax machine, send a one-page fax to 1-888-877 1655 (a toll-free number in the United States) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number Within a minute your fax should appear on the site Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax

TROLLIN' IN MY 5.0

How to do it...

In most cases involving fax transmission, you will be making an outbound call to a fax machine (the A leg) and then execute the `rxfax` dialplan application. Execute these steps to send a simple fax transmission to FreeSWITCH itself:

1. Launch `fs_cli`
2. Execute this command:

```
originate loopback/9178 &rxfax(/tmp/txfax_sample.tiff)
```

Watch the console. Eventually, the fax transmission should be successfully completed.

How it works...

The `originate` command creates the outbound leg of the fax call. In this example, we are literally making a call within our own FreeSWITCH server using the loopback channel. The target extension is `9178`. In a real example, we would, of course, be dialing an external number. For example, we can do this:

```
originate sofia/gateway/my_gw/18885551212 &rxfax(/tmp/txfax_sample.tiff)
```

In any case, once the A leg is answered, the `rxfax` application executes. If all goes well, the fax transmission should go through (in the case of transmission to 9178 to us unless, a received file will be found in `/tmp/rxfax.tiff`).

There's more...

Faxing can be tricky. The following sections offer some helpful suggestions.

Diagnosing fax issues

Fax problems are a quite common, especially in a VoIP environment. When a fax transmission fails for some reason, it helps to know what happened. If you are using XML CDRs, you will automatically have a number of channel variables populated on every fax call, whether successful or not. Here is a sample:

```
<fax_v_7_disab_ed>0</fax_v17_disabled>
<fax_ecm_requested>le/fax_ecm_requested>
<fax_filename>/tmp/rxfax.tif</fax_filename>
<fax_success>0</fax_success>
<fax_result_code>0</fax_result_code>
<fax_result_text>OK</fax_result_text>
<fax_ecm_used>on</fax_ecm_used>
```

5.4. Problems uncovered by PDF FTS in leading PDF products

Here is one example of a real set of problems uncovered by a PDF FTS test case. This test case is a PDF graphic state parameter test which uses different fonts/sizes. One would expect this test to be a very simple test case but please note all of the different bugs that was uncovered by this PDF FTS test case, including Adobe's Acrobat 8 Professional product. This problem is one of many other issues we have observed using the PDF FTS product on leading PDF products.

Incorrect (PDF Viewer Vendor A – wrong fonts)

Incorrect (PDF printer Vendor B – wrong size/fonts)

Incorrect (Acrobat 8 – missing text/fonts)

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing

- ***Anyone, anywhere*** can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents
- PDF files ***always print correctly*** on any printing device.
- PDF files always display ***exactly*** as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web

NOTICE OF FILMING

November 23rd, 2016

Dear Neighbours of **1113 Langley St and Helmcken Alley,**

Please take a moment to read this notice about the filming of Pupstar 2 We will be filming at the back entrance of Murchie's Tea and Coffee located at 1113 Langley St. and also at Helmcken Alley on **Monday, November 28th 2016** Pupstar 2 Pictures Inc would like to provide you with some information to help you prepare and anticipate how our presence may affect your daily routine The following is an outline of our filming activities

Monday, November 28th 2016

Approx. 07:00am – 13:00am We will be preparing 1113 Langley St and Helmcken Alley for filming.
Approx. 11:00am – 14:00pm Work Trucks arrive and park in your neighbourhood
Approx. 13:00pm – 22:30pm Filming takes place at 1113 Langley St. and Helmcken Alley
Approx. 22.30pm – 23:00pm Equipment is quietly packed away and work trucks leave the area

To minimize the disruption to businesses and neighbors, some of our larger mobile units and crew vehicles will be parked outside of the area. However, in order to accommodate our essential equipment vehicles, we will post "Temporary No Parking" signs.

We emphasize that changes in parking are temporary and we appreciate your cooperation in using alternative parking during this time **All parking will be released as it becomes available** We will ensure any residents with special needs are accommodated promptly Informat on regarding filming in the City of Victoria is available through the City Film Officer at avantfeedback@victoria.ca
We thank you for supporting the B.C. film industry and our project.

We appreciate this opportunity to film in your neighbourhood

Sincerely

Chris Vautour
Assistant Location Manager

lets try this. When you can have her unplug the network cable from the splitter so that only the fax is plugged into the splitter. Then have her send a full page test fax to 1-855-330-1239 and I will be able to see if it came through or not

[5/26/2015 3:18:41 PM] Brittany Thomas: Which one do I unplug? The one that's plugged into A?

[5/26/2015 3:18:56 PM] Galen Sailer x3010: If that is the one that goes to her computer, yes

[5/26/2015 3:19:12 PM] Brittany Thomas: Okay

[5/26/2015 3:19:41 PM] Brittany Thomas: I will let you know when I do it, or get it done

[5/26/2015 3:19:27 PM] Galen Sailer x3010: Thank you

[5/26/2015 4:24:53 PM] Galen Sailer x3010: Please test the phones for Polyn[illegible] ... have completed the phone setup. They should be able to call out and in now

Working on their voicemail...

[5/26/2015 4:25:05 PM] Brittany Thomas: Okay

[5/27/2015 11:11:46 AM] Galen Sailer x3010: Have you been able to test the fax to that number? 1-855-330-1239

I believe it would be entered in as 91-855-330-1239

Also, on the test page that you fax make sure you draw one line from the top of the page to the bottom of the page, and include the date and time on the test page so that we can confirm we have the right fax.

[5/27/2015 11:20:11 AM] Galen Sailer x3010: Also when you remove the Ethernet network cable from the computer in the splitter, retest the HP fax status page and see if everything passes

What I think may be happening is the Ethernet cable wires are interfering with the fax line and sending partial faxes

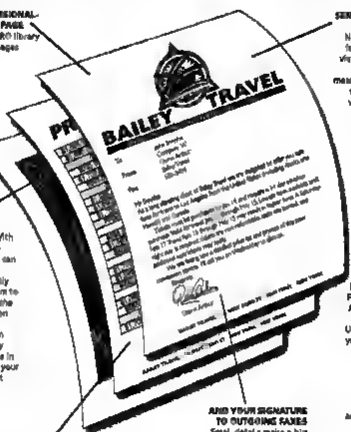
WinFax PRO™ WELCOME TO WINFAX PRO 10.0!

Congratulations! You've just installed the latest version of WinFax PRO, the number one choice for sending, receiving and managing faxes. Read on to learn more about some of the exciting features available in this version, and to hear how others are using it to make their small business more professional – all with the at-your-fingertips ease of WinFax PRO.

CREATE A PROFESSIONAL-LOOKING COVER PAGE
With the WinFax PRO library of business cover pages the perfect cover page for your business is only a mouse click away.

SEND AND FORWARD FAXES BY EMAIL
Now you can send or forward a fax in self-viewing format to any email address. Your message arrives looking exactly the way you want it to, and your recipient doesn't need to own WinFax PRO or a fax machine.



SEND PHOTO-QUALITY FAXES
A picture paints a thousand words! With WinFax PRO Photo-Quality faxing, you can ensure that your customers see exactly what you want them to see. Simply choose the Photo-Quality option when faxing your documents. You can include high-res lly graphics and photos in your faxes to show your customers your best side.

RECEIVE ONLY THE FAXES YOU WANT AVOID UNWANTED FAXES
Unsolicited faxes cost you time and money. With WinFax PRO's new Junk Fax Management feature, you can enter a fax number's Caller ID or CSID to automatically discard unwanted faxes. Receive only the faxes you need to receive.

AND YOUR SIGNATURE TO OUTGOING FAXES
Small detail s make a big difference when it comes to projecting a professional image. With WinFa PRO you can easily import a nd capture your signature and use the new Signature button to easily add it to outgoing faxes.

CONVERT DOCUMENTS FROM OTHER APPLICATIONS
With WinFax PRO you can easily convert documents from various applications (such as word processors or spreadsheet applications) into fax files. On screen **Preview** allows you to quickly review your fax. Pages can also be added or deleted from the fax document, or rearranged in a few easy steps.

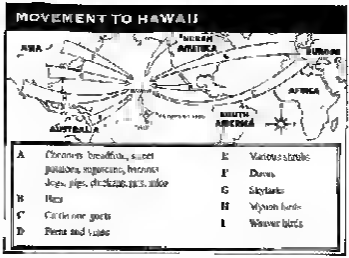
Animal and Plant Movement

The Hawaiian islands were originally bare volcanic rocks. All of their plants, animals, and birds came from other parts of the world. Many were brought to Hawaii by early explorers and settlers.



Directions **Look at the map showing from where some of Hawaii's plants, animals, and birds came. Then, answer the questions.**

1. From which direction did coconuts most reach Hawaii?

2. In which direction did doves travel to reach Hawaii?

3. Which animal traveled west from North America to reach Hawaii?

4. What did Europe contribute to Hawaii's animal life?

Inclusion programs within NWESD

Note: This list includes programs with 50% or more typically developing students

Anacortes School District (3000 students)

School: Whitney Early Childhood Learning Center

Contacts: Pam Berveld, Special Education Director, 360-293-1216, pberveld@asd103.org; Kevin Schwartz, principal, 360-293-9536 x 414, kschwartz@asd103.org

Whitney Early Childhood Learning Center has 4 preschool programs: 2 DD preschool classes, a Head Start program, and a YMCA program. The DD preschool students have inclusion opportunities into the Head Start and YMCA programs and share times such as recess.

Students and Staff: The DD preschools are staffed with one special education teacher and 1 para. The am class has 8 students and the pm class has 11 students.

Strengths:

- The district holds monthly meetings (workshops) for the private preschool staff
- Focus on school readiness

Bellingham School District (10,300 students)

School: Alderwood

Contact: Delena Ramey, special educator on preschool teacher 360-676-6170 x 755, Delena.Ramey@bellinghamschools.org

Inclusion Partner: Whatcom Community College Coop Preschool Program. The Coop Preschool receives space at Alderwood Elementary for at no cost to the school district. The district DD program and the Coop have been collaborating for about 8 years. The amount of inclusion time has increased dramatically since the beginning. Currently the programs work collaboratively 2 hours a day for large and small groups, centers, and outside time.

Student ratio: 11 typically developing students/9 special education students

Staffing: from coop: 1 teacher & 2 volunteers. From special education: 1 teacher and 2 para; occasional specialist involvement

Strengths:

- Communication.
- willing to try new things based on student needs.

Goal: Special Education would like to increase their collaboration with the family p ase of the coop preschool

Challenges:

- Funding- the community colleges have reduced funding for their coop preschool programs.

How Can I Test My Fax Machine?

I just hooked up a new fax machine, and I'd like to test it, just to make sure it works. How can I do that?

Presumably you want to test your fax machine by sending a fax from it and receiving a fax with it. Here's how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-330-1239 (a toll-free number in the United States.) When it's finished transmitting, point your web browser to Fax Toy — it's a fun web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero; this site lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Baked Manicotti

From *Ame ica's Test Kitchen Season 8* Italian-American Classics

WHY THIS RECIPE WORKS

For a baked manicotti recipe with all of the flavor and none of the fuss, we discarded the slippery tube-shaped pasta and decided to spread the filling onto the wrappers instead, which we then rolled up. For the wrappers, we found that no-boil lasagna noodles were ideal. After a quick soak in boiling water, these noodles could be spread with filling and rolled up in a few easy in nutes, making for a no-hassle manicotti recipe.

Serves 6 to 8

We prefer Barilla no-boil lasagna noodles for their delicate texture resembling fresh pasta. Note that Pasta Delfino and Reinhart brands contain only 12 no-boil noodles per package; the recipe requires 16 noodles. The manicotti can be prepared through step 5, covered with a sheet of parchment paper, wrapped in aluminum foil, and refrigerated for up to 1 days or frozen for up to 1 month. If frozen, thaw the manicotti in the refrigerator for 1 to 2 days. To bake, remove the parchment, replace the aluminum foil, and increase baking time to 1 hr in 1 1/4 hours.

INGREDIENTS

Tomato Sauce

- 2 28-ounce cans diced tomatoes (in juice)
- 2 tablespoons extra-virgin olive oil
- 3 medium cloves garlic, minced or pressed through garlic press (about 1 tablespoons)
- 1/2 teaspoon hot red pepper flakes, optional
- Table salt
- 2 tablespoons chopped fresh basil

Cheese Filling and Pasta

- 2 cups part-skim ricotta cheese
- 4 ounces grated Parmesan cheese (about 2 cups)
- 8 ounces whole-milk mozzarella cheese (about 2 cups)
- 2 large eggs, lightly beaten
- 1/4 teaspoon table salt
- 1/2 teaspoon ground black pepper
- 2 tablespoons chopped fresh parsley leaves
- 1 tablespoons chopped fresh basil
- 16 no-boil lasagna noodles (see note above)

Tips from Walt Disney World Veterans

Reprinted from Steve Birnbaum's "Walt Disney World The Official Guide and "Disney Insider Planning Guide"

- Plan an itinerary before you begin.
- Take a break from the parks at midday when the parks are the warmest and busiest, visit a nearby Disney resort hotel for a cool, quiet lunch
- Set up a casual lunch and dinner times so you can visit the most popular attractions while others are occupied with mealtime
- Many attractions have two lines. Before getting into the one on the right-hand side, look at the one to your left. Most of the time it will be less crowded since most Walt Disney World Resort visitors automatically head for the one on the right.
- Wear your most comfortable shoes. You'll be spending a lot of time on your feet

Magic Kingdom

- Study up before you arrive in the Magic Kingdom so you're familiar with the layout and the things to see and do at the park. Review the enclosed maps and WDW information sheet.
- Organize your visit so that you don't hop around from area to area for that wastes time. Begin your day in Adventureland and work your way around the park in a big circle without crossing back and forth across the hub. Plan to eat early or late, before 11:00am or after 2:00pm and before 6:00pm or after 8:00pm
- At busy times on busy days, take in the following most-in-demand attractions.

Main Street	Walt Disney Railroad
	Main Street Cinema
Adventureland	Pirates of the Caribbean
Liberty Square	Liberty Square Riverboats
Tomorrowland	Carrousel of Progress
	Dreamflight
	Tomorrowland Transit Authority
Fantasyland	It's a Small World (after 5:00pm)

- At parades times, choose Liberty Square or Frontierland for a viewing area
- Shop on Main Street in the early afternoon, not at day's end, when everybody else goes. Besides the stores are good places to escape the afternoon heat.

Epcot Center

- Stop by Earth Station Inn as entertainment schedule in order to be sure you won't miss any of the special shows scheduled for the day or evening
- During peak seasons, preferred reservations times at Epcot's full-service restaurants are usually fully booked by 10:00am. Remember too that non-prime time dining hours are often available to those making late reservations, so adjustment of your eating schedule may well help you to try the restaurant of your choice
- Save the shows, Innoveations and the World of Transportation Center for the most congested mid-afternoon hours. Go to as many of the most popular attractions as possible in the early morning and late afternoon hours.

- Visit World Showcase in the morning at the first time is as soon as it opens (usually 11:00am). See Future World in the evening, avoiding the busy mid-morning hours. Remember that throughout Epcot the lines are longest during midday and shortest (sometimes nonexistent) during the early evening

Form **W-9**
(Rev. December 2014)
Department of the Treasury
Internal Revenue Service

Request for Taxpayer Identification Number and Certification

Give Form to the requester. Do not send to the IRS.

Print or type
See Specific Instructions on page 2

1 Name (as shown on your income tax return). Name is required on this line; do not leave this line blank.

2 Business name/disregarded entity name, if different from above

3 Check appropriate box for federal tax classification; check only one of the following seven boxes

☐ Individual/sole proprietor or single-member LLC ☐ C Corporation ☐ S Corporation ☐ Partnership ☐ Trust/estate

☐ Limited liability company. Enter the tax classification (C=C corporation, S=S corporation, P=partnership) ▶

Note. For a single-member LLC that is disregarded, do not check LLC; check the appropriate box in the line above for the tax classification of the single-member owner.

☐ Other (see instructions) ▶

4 Exemptions (codes apply only to certain entities, not individuals; see instructions on page 3):

Exempt payee code (if any)

Exemption from FATCA reporting code (if any)

(Applies to accounts maintained outside the U.S.)

5 Address (number, street, and apt. or suite no.)

Requester's name and address (optional)

6 City, state, and ZIP code

7 List account number(s) here (optional)

Part I Taxpayer Identification Number (TIN)

Enter your TIN in the appropriate box. The TIN provided must match the name given on line 1 to avoid backup withholding. For individuals, this is generally your social security number (SSN). However, for a resident alien, sole proprietor, or disregarded entity, see the Part I instructions on page 3. For other entities, it is your employer identification number (EIN). If you do not have a number, see *How to get a TIN* on page 3.

Note. If the account is in more than one name, see the instructions for line 1 and the chart on page 4 for guidelines on whose number to enter.

Social security number

or

Employer identification number

Part II Certification

Under penalties of perjury, I certify that:

1. The number shown on this form is my correct taxpayer identification number (or I am waiting for a number to be issued to me); and
2. I am not subject to backup withholding because: (a) I am exempt from backup withholding, or (b) I have not been notified by the Internal Revenue Service (IRS) that I am subject to backup withholding as a result of a failure to report all interest or dividends, or (c) the IRS has notified me that I am no longer subject to backup withholding; and
3. I am a U.S. citizen or other U.S. person (defined below); and
4. The FATCA code(s) entered on this form (if any) indicating that I am exempt from FATCA reporting is correct.

Certification instructions. You must cross out item 2 above if you have been notified by the IRS that you are currently subject to backup withholding because you have failed to report all interest and dividends on your tax return. For real estate transactions, item 2 does not apply. For mortgage interest paid, acquisition or abandonment of secured property, cancellation of debt, contributions to an individual retirement arrangement (IRA), and generally, payments other than interest and dividends, you are not required to sign the certification, but you must provide your correct TIN. See the instructions on page 3.

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted.

Future developments. Information about developments affecting Form W-9 (such as legislation enacted after we release it) is at www.irs.gov/fw9.

Purpose of Form

An individual or entity (Form W-9 requester) who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) which may be your social security number (SSN), individual taxpayer identification number (ITIN), adoption taxpayer identification number (ATIN), or employer identification number (EIN), to report on an information return the amount paid to you, or other amount reportable on an information return. Examples of information returns include, but are not limited to, the following:

- Form 1099-INT (interest earned or paid)
- Form 1099-DIV (dividends, including those from stocks or mutual funds)
- Form 1099-MISC (various types of income, prizes, awards, or gross proceeds)
- Form 1099-B (stock or mutual fund sales and certain other transactions by brokers)
- Form 1099-S (real estate transactions)
- Form 1099-K (merchant card and third party network transactions)
- Form 1098 (home mortgage interest), 1098-E (student loan interest), 1098-T (tuition)
- Form 1099-C (canceled debt)
- Form 1099-A (acquisition or abandonment of secured property)

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN.

If you do not return Form W-9 to the requester with a TIN, you might be subject to backup withholding. See *What is backup withholding?* on page 2.

By signing the filled-out form, you:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income, and
4. Certify that FATCA code(s) entered on this form (if any) indicating that you are exempt from the FATCA reporting, is correct. See *What is FATCA reporting?* on page 2 for further information.

As a resident of New Jersey you can choose your electric supply company. With long winter nights here, I would ask you to review your electric bill carefully. If you have PSE&G as your supplier you are simply paying more than you should.

This is what has compelled me to write to you. Gateway's current electricity rates are 10% below utility pricing.

10%* BELOW
PSE&G utility prices

So this is the perfect time to switch. There are no fees and your utility does not change. Gateway has been providing energy service to residential customers since 1997 and by switching today, you too can benefit from our years of experience.

In addition, you'll also receive our **Visa® Prepaid Cards worth up to $75**** when you successfully enroll both your electricity and natural gas with us.

So don't wait! Please call **1-855-622-4283** today and have your latest utility bill handy so that you can take advantage of these savings over PSE&G. I wouldn't reach out to you if I didn't think that you would benefit from one of our great plans.

I hope to welcome you soon as one of our most valued customers.

Sincerely,

William D. Catena

*10% savings is available to **New Jersey residents** in the PSE&G territory, is based on comparing Gateway's current 12-month fixed rate of 11.8 cents per kWh good through 5/26/12 to PSE&G's rate of 12.28 cents per kWh which is the basic generation service energy charge as posted in the current Tariff for Electric Service not including SGS reconciliation charges.
** The $75 Visa® Prepaid Cards are contingent on signing up for both natural gas and electricity. You will be issued a $50 natural gas Visa® Prepaid Card and/or a $25 electric Visa® Prepaid Card after one month of paid service with us. Restrictions may apply.
Switching to or connecting with any supplier is not mandatory and you have the option of remaining with your utility for basic gas and electric supply service. Budget billing is also available by calling Gateway Energy.

Windows® Fax and Scan

One place to scan and fax your documents

FAX: You can send and receive faxed documents on your computer without using a fax machine. You can also print, e-mail, or save a copy of your faxes.

To get started:

1. Connect a phone line to your computer.

   If your computer needs an external modem, connect the phone to the modem, and then connect the modem to your computer.

2. On the toolbar, click **New Fax**.

3. Follow the instructions in the setup wizard to connect to a fax modem, and then, when you're finished, create your fax.

To connect to a fax server instead of a modem, contact your system administrator. For more help with faxing, click the **Help** button on the toolbar.

SCAN: After you add a scanner to your computer, you can preview documents or pictures before you scan them, and then adjust your scan settings for better results. You can also fax or e-mail scanned files to someone else.

To get started:

1. Connect your scanner to your computer by following the instructions that came with your scanner, and then place a document or picture on the scanner.

2. In Windows Fax and Scan, at the bottom of the left pane, click **Scan**.

3. On the toolbar, click **New Scan**.

4. Choose the scan settings you want to use, and you're ready to scan.

Use the options on the toolbar to fax, e-mail, print, or copy scans at any time. For more help with scanning, click the **Help** button on the toolbar.

How Can I Test My Fax Machine?

I just hooked up a new fax machine and I'd like to test it, just to make sure it works. How can I do that?

Presumably, you want to test your fax machine by sending a fax from it and receiving a fax with it. There is how to do both.

To test the send functionality of your fax machine, send a one-page fax to 1-855-350-1239 (a toll-free number in the United States.) When it is finished transmitting, point your web browser to Fax Test (check it in the web site that displays whatever is faxed to that number. Within a minute, your fax should appear on the site. Click the thumbnail to see a large version.

To test the receive functionality of your fax machine, point your web browser to FaxZero.com. It provides lets you send faxes for free to anywhere in the United States and Canada. Within a few minutes, your fax machine should ring — hopefully, it will automatically answer and spit out the test fax.

Test your fax machine without bothering friends

Submitted by Adam on October 16, 2006 - 12:27pm Adam Shotgun with Adam

I know, this was today while trying to see if a fax machine was working correctly. It is always tough testing a fax because you have to have a friend who is home, with a fax, and willing to help. Thanks to a screencaster you can try this test fax service from HP out now!

This site lets you enter a fax number and in a few minutes, you will receive a test fax.

If the actual service proves to be a hoax or an annoyance

Method three USB flash drive - Preboot menu

A firmware update might be necessary to help resolve an issue for a single printer. When the printer will not arrive at a Ready state and/or if a 49 error displays on the control panel (for example) the Preboot menu can be used to update the firmware directly from the control panel using a portable USB flash drive

Do NOT use these steps to update the firmware for a printer that is in a ready state unless otherwise recommended for the firmware version of the printer. If a "Disk Full" message displays when using this method, contact the HP support center in your region to help troubleshoot the issue

1. Copy the .bdl file (downloaded previously) to a USB flash drive

   USB flash drives with a CD formand partition might not be recognized by the printer. You might need to try a different USB flash drive

   when all 3 lights show

2. On the control panel, open the Preboot menu

   a. Turn the printer Off and then On, and when the HP logo displays on the control panel and all three Ready, Data and Attention LEDs illuminate solid, press cancel

   OR

   a. Turn the printer Off and then On, and when 1/8 displays below the HP logo on the product control panel, touch the logo

3. Scroll to and select Administrator

   To scroll on the control panel: use the touch screen scroller or the up/down arrow buttons. If indicated on the touchscreen, you will need to use the 8 (up) and 9 (down) keys on the control panel to scroll

4. Scroll to and select Download

5. Insert the USB flash drive with the .bdl file on it into the USB port on the *front* of the product (remove the seal if necessary)

   If the message No USB Thumbdrive Files Found displays on the control panel, make sure the .bdl file is saved to the main directory and is not inside a folder. If the message persists, try using a different USB flash drive

6. Scroll to and select USB Thumbdrive...

7. Select the .bdl file, select OK or the ✓ key, and then wait for the update process to complete

   If there is more than one .bdl file on the storage device, make sure to scroll to and select the correct file for the printer and firmware version

8. When Complete displays on the control panel, select the back arrow until Continue displays, select Continue, and then wait for the printer to automatically reboot.

After the printer or MFP is back online, print a Configuration Page and verify that the new firmware version is installed

Once upon a time, there were three frogs living in a land far, far away. There was a land of plenty and carefree living. Because the seasonal storms were coming this week, all the pond junk dwellers were all in a frenzy to build their shelters. The first frog built his shelter by lashing together bundles of woven grass. It blew away on the first night. The second frog built her's with stones. It fell down just before she finished the chimney. The third frog decided to build her's from the bestest building material ever, clay bricks wrapped with tail hairs of wild unicorns. She found a unicorn and asked it for some of its tail hairs. It told her to close her eyes and wait. The unicorn shook loose its tail, bent down, and ate her in a single bite. "Delicious," murmured the unicorn. A while later, the frog left the unicorn's body in the form of pure happiness, gumdrops, and sparkles.

Organizations supplying products to the powertrain aftermarket are here listed alphabetically for use with the cross reference of products supplied that begins on page 35 of this issue

Individual contacts and branch locations related to these suppliers are contained in the March issue of ePowertrain Bulletin / Powertrain Industry Directory that is available at www.transmissiondigest.com. Suppliers that list multiple branches are indicated in this listing by the ‡ symbol.

Each domestic address in this listing has been compared to the U.S. Postal Service database in order to establish a Zip+4 postal code. On occasion, the official postal version of an address will differ slightly from that traditionally used by the supplier. In every instance, we have published the address as formatted and confirmed by the post office.

Companies and organizations listed are, in nearly every case, those that returned forms we distribute annually that allow us to track companies, people and products supplied. Every precaution has been taken in the preparation of this listing; however, the publisher assumes no liability for errors or omissions.

Hello

This is a test

Thank you

Inside the box, two of the wires were terminated at the server to outside. To complete the internal network, they need to be spliced together. We used standard crimp-on splice connectors available from any hardware store. To attach them, just remove the unstripped wires and squeeze down the circle with a pair of pliers

The wiring is completed. The first line is disconnected, and the remaining leads are now spliced together. Now, the center pair of wires of all the phone jacks are connected to create a internal phone network.

Our packrat adapter just has three ports on the back. The Ethernet goes to our router and now it's safe to connect the phone jack to a mid-center inside the house. Now our VoIP adapter can live happily on our server rack, where it gets a UPS, and delivers phone service to the rest of our house through a 50+ existing phone jack.

Bye, Ma. Don't let the door hit you on the way out.

SoundAdvice

Adding JP Morgan Chase

April 13, 2017

We are adding JP Morgan Chase (JPM) to the *Sound Advice* Portfolio. We will expand on our reasoning for this decision in the upcoming issue of *Sound Advice*, but here are some of the highlights.

The stock is cheap in comparison to the rest of the market, and for its growth prospects. The soft interest rate environment in recent weeks has caused all bank stocks to pull back from their zeniths 6 weeks ago. JPM has declined nearly 10 percent, which we believe offers us a timely buying opportunity.

This morning, JPM reported first quarter earnings of $1.85 per share, well above the consensus estimate of $1.51. This was a 22 percent increase from one year ago. The higher first quarter result increases the earnings estimate for 2017 to $6.66 per share. At $85 per share, the 2017 price/earnings (P/E) ratio is less than 13, as compared to the overall market of 18.

Strong growth is expected in the immediate years ahead. JPM is expected to earn $7.55 per share in 2018 and $8.44 in 2019. At a P/E of 15 for example, which is close to the historical average, JPM would be $100 per share by the end of 2017 (+17.5%), $113 by the end of 2018 (+33%), and $128 by the end of 2019 (+49%).

These estimates are likely to be low because the benefits of potential regulatory changes and rising interest rates are not yet defined and cannot be baked into estimates.

As we noted in recent issues of *Sound Advice*, Trump's campaign promises, and his subsequent executive order to loosen bank regulations in order to promote lending, are positive forces for the banking industry. For example, Goldman Sachs estimates banks could see earnings increases ranging from the mid teens to 28 percent even though the bulk of the regulation framework will not change.

While the shape and timing of rising interest rates cannot be known, it is all but certain that they will be rising in an improving economy. Aside only the Federal Reserve is on a mission to "normalizing" interest rates through methodical increases. The Fed also has announced that it will be reducing its mammoth balance sheet of $4.5 billion in Treasury securities which it accumulated during the quantitative easing programs.

JPM has maintained solid capital levels and has as well as a strong balance sheet. The company has a common equity "Tier 1 ratio" well in excess of minimum requirements.

JPM's dividend has recently increased to $2.00 annually, which puts the current yield close to 2.3 percent – about the same as a 10-year Treasury bond which offers no growth and plenty of risk under the prospect of rising interest rates.

How Many Pizzas To Buy Calculator

How many pizzas should you buy for 10, 15, 20, 40 or even 50 people for your next party? Confidently, but the average American consumes 23lbs of pizza a year! Enjoy your pizza party with our easy to use pizza calculator. If you are planning for a party or trying to feed a large crowd of people, this Pizza Calculator will help you plan how many pizzas to order so that everyone is happy.

Currently there are 8 slices per small (~10" pizza), 8 slices per 12 inch pizza, 12 slices per large (14-16") pizza and 12 slices per extra large pizza. You should confirm the number of slices before ordering because the will vary between pizza providers.

Tips:
For children's parties or when serving pizza as a side item, calculate that you should plan for 10 slices.
On average, 3 slices are needed per adult, 2 slices per child and 4 slices for big eaters and teens.

MOON VALLEY NURSERIES

QUEEN PALM CARE GUIDE

Easy as 1-2-3

Queen Palms are some of the most beautiful and most popular palms grown here in the desert. If given proper care, they will always be as green and full as when purchased.

1. WATERING

By far, <u>the</u> 1 <u>rule</u> of water is the most important ingredient for the well being of Queen Palms here in the desert. Queen Palms are tropical type palms, native to much wetter areas of the world. They can handle the extremes of our desert temperatures, but do need more water than nature provides. For most palms that don't appear healthy, lack of properly applied water combined with nutrient deficiencies is usually the cause. A good rule of thumb is that it's practically impossible to over water a Queen Palm, especially during the intense heat of summer months!

When applying water to your is better? As a Queen Palm matures, it's roots spread wider but not much deeper than 18 to 24 inches. So make sure that as your tree grows to apply the water under every year. A good rule of thumb for this is to water an area at least 5 to 6 times as wide as the trunk diameter.

How often to water depends on many variables including current temperatures, soil conditions and recent rainfall (or lack of!). To keep a good, happy level of moisture for Queen Palms, basic watering guidelines are as follows:

Season / Temp Range	Watering (per week)
Summer - Above 100°	4 or more times per week
Fall / 85° to 100°	2 to 3 times per week
Winter - Below 85°	1 to 2 times per week
Spring / 85° to 100°	2 to 3 times per week

NOTE: *Use as guideline. Adjustments are made to create Evenly moist soil conditions and prevent rain fall (or lack of!). To keep a good, happy level of moisture for Queen Palms, basic watering guidelines are as follows:*

2. FERTILIZING

Keeping Queen palms healthy has never been this easy!

<u>Don't fall</u> for expensive injections or spikes that many <u>use to sell</u>. We've taken the guesswork out of feeding Queen Palms. Our **Super Palm Juice®** has all of the major & micro nutrients to keep palms green & healthy in an easy to use liquid format that reaches the roots FAST!

Super Palm Juice is great for all varieties of palms and is an absolute must for Queen Palms!

3. TRIMMING

Only remove fronds that hang downward (below horizontal). So why cut fronds about 2 "5" from trunk, using a cut that is parallel to the trunk. During Summer months it's common to get some brown tips. It's ok to just trim off the brown and leave the green portion of the frond. Trimming is usually only necessary once or twice a year.

Hello World!

- Test fax - 9/27/18

Quick Brown Fox! LOL

not available it is automatically an at large bid

Also pay attention if you give only 6 major conferences a BCS bid but do not add any teams. Giving the Mountain BCS bid means the conference has 6 bowl bids - yet only 8 teams. It isn't like the SEC that has 8 and 10 bowl teams yearly so it will open up many at larges. The WAC rarely has more than 3 eight w teams. The Sun Belt is first place to throw teams if you are trying to keep them out of the way. Only 2 guaranteed bids and a long didn't shrink the larger conferences, they won't invade too many at larges.

The following is a list of automatic bids which EXCLUDES BCS GAMES. If you give a team a BCS bid add one to number

ACC - 6
Big 12 - 5
Big East + Notre Dame - 5
Big Ten - 7
Conference USA - 6
MAC - 4
MWC - 5
Pacific 12 - 5
SEC - 7
Sun Belt - 2
WAC - 3
Army/Navy - 1

unlocks_image: Not this.

NCAA 12 Historic Conferences - 1937 present
Pm me with any comments, suggestions, or questions you may have. There is definite room for other versions many teams have come and gone in FBS
NOTE: Link will change periodically for major updates so be careful when bookmarking

You have a very LOW review/rating on medical related websites!!! This is usually because competitors will do everything they can to ruin your online reputation and drive away any potential clients who search for your name online

We can improve your online reputation by posting positive reviews on major review sites and increase your general rating on sites like healthgrades.com vitals.com or doctorscorecard.com

Having positive reviews on major review sites will drive more patients to choose you as their doctor and will make your name stand up from all of the other competitors.

Our services include:
- Improving your reputation by posting good reviews..
- Suppressing negative reviews or other links that might damage your reputation with positive ones which you can control
- Increasing your online popularity by creating websites and offering SEO (Search Engine Optimization) services

Find out more about how we can improve your image on the internet and drive more patients to you by visiting our website at http /onlinereputationgroup.com

FAX

FRONT

Fax Tones and Handshaks

When someone is sending a fax, the machine sends fax calling tones (CNG tones)—soft, intermittent beeps that 4-second intervals. You'll hear them when you dial and press **Fax Start**; they continue for about 60 seconds after dialing. During that time, the sending machine must begin the "handshake" with the receiving machine. Each time you use an automatic procedure to send a fax, you are sending CNG tones over the phone line. You'll soon learn to listen for these soft beeps each time you answer a phone on your fax line, so you can know if you are receiving a fax message.

The receiving fax responds with fax receiving tones—loud, chirping sounds. A receiving fax chirps for about 60 seconds. Over the phone line, and the LCD shows **RECEIVING**. If your machine is set to the **FAX** mode, it will answer every call automatically with fax receiving tones. Even if the other party hangs up, your machine continues to send the "chirps" for about 60 seconds, and the screen continues to display **RECEIVING**. To cancel the receiving mode, press **Stop/Exit**.

When your machine answers in FAX/TEL mode, the machine listens for CNG tones and does not respond with receiving tones.

The fax "handshake" is the time in which the sending machine's CNG tones and the receiving machine's "chirps" overlap. This must be for at least 2 to 4 seconds, so the machines can understand how each is sending and receiving the fax. The handshake cannot begin until the call is answered, and the CNG tones only last for about 50 seconds after the number is dialed. Therefore, it is important for the receiving machine to answer the call in as few rings as possible.

When you have an external telephone answering device (TAD) on your fax line, your TAD will determine the number of rings before the call is answered. Pay special attention to the directions in the Assembly and Connections chapter for connecting a TAD to your machine.

ECM (Error Correction Mode)

The Error Correct on Mode (ECM) is a way for the machine to check the integrity of a fax transmission while it is in progress. ECM transmissions are possible only between machines that both have the ECM feature. If they do, you may send and receive fax messages that are continuously checked for their integrity. Sufficient memory must be available in your machine for the feature to work.

By The Hairy Bikers
From Hairy Dieters: How to Love Food and Lose Weight

Who would have thought you could eat lasagne when on a diet? Well thanks to our amazingly clever recipe you can.
The pasta is replaced with sheets of blanched leeks so you can have all the deliciousness without the calorie count.
354 calories per portion.

Ingredients

- 2 large leeks, each about 300g/10½oz
- 1 medium onion
- 2 celery sticks, trimmed
- 2 carrots, peeled
- 500g/1lb 2oz lean minced beef
- 2 garlic cloves, peeled and crushed
- 150g/5½oz chestnut mushrooms, wiped and chopped
- 2 tbsp plain flour
- 150ml/¼ pint red wine
- 400ml/14fl oz beef stock, made with 1 beef stock cube
- 400g/14oz can chopped tomatoes
- 2 tbsp tomato purée
- 1 heaped tsp dried oregano
- 2 bay leaves
- 500ml/18fl oz semi-skimmed milk
- 3 tbsp cornflour
- freshly grated nutmeg, to taste
- 50g/2oz extra-mature cheddar, grated
- 25g/1oz parmesan, finely grated
- 3 medium vine tomatoes, sliced
- freshly ground black pepper

Preparation method

1. Trim the leeks until they are about the same width as your lasagne dish. Cut the leeks lengthways through to the middle but no further.
2. Open out the leeks and remove five or six of the narrow leaves from the centre of each leek. Thinly slice meds inner leaves. Separate the larger leaves – these will become your lasagne.
3. Finely chop half the onion and cut the other half into wedges. Thinly slice the celery and dice the carrots.
4. Put the minced beef in a large non-stick frying pan with the sliced leeks, chopped onion, celery, carrots and garlic.
5. Place the pan over a medium-high heat and fry without added fat for about 10 minutes until lightly coloured. You'll need to break up the mince with a couple of wooden spatulas or spoons as it cooks.
6. Stir in the chopped mushrooms and cook for 2–3 minutes more. The pan should look fairly dry at this point.
7. Sprinkle over the plain flour and stir it thoroughly into the mince and vegetables. Slowly stir in the red wine and beef stock. Add the

RECOMMENDATIONS FOR THE PREVENTION OF CEILING CRACKING
(GA-227-13)

Every building materials undergoes some amount of dimensional change from temperature (thermal coefficient of expansion) and moisture content (hygrometric coefficient of expansion). As a result, all building assemblies undergo some degree of dimensional changes (i.e., shrinkage and expansion) as the moisture content and temperature of the materials changes over time. The thermal and hygrometric coefficients of expansion are not the same for all materials so the amount of dimensional change will be different for different materials. When two materials with significantly different coefficients of expansion, such as gypsum board and wood framing, are tightly attached to each other, stresses will build up if the two materials are their maximum contracting and/or expansion range.

In many cases, the amount of dimensional change, as a percent of the material's total dimension, is relatively small and unnoticeable. However, the actual amount of dimensional change is a function of the size of the individual elements. When framing spans approach or exceed 15 feet, the differences between the expansion coefficients of these two materials become significant. Typically, the result can be cracking at gypsum board joints located near the center of the span.

One effective method of minimizing or eliminating these cracks is to use resilient channels to create a semi-rigid attachment of the gypsum board to wood framing. By isolating these two materials with resilient channels, the potential for cracking is reduced. This isolation allows each material to shrink or expand independently of the other.

Some general areas where you should consider using Resilient Channels:

- Large ceiling areas where framing members span more than 15 feet.
- Change in framing member size or direction, such as girder-to-joist standard hip construction.
- Adjacent parallel framing members within the same ceiling area having different span lengths or different stresses or loads.
- Areas with large temperature or humidity variation such as garages, etc.
- Interior areas of construction that may be left unconditioned for long periods of time.
- Any design, placement of bottom chord forces of floor and ceiling joists, in a cathedral ceiling application that usually causes problems.

Using resilient channels to minimize construction joint cracking and sag in large open area roof

1. Attach resilient channels perpendicular to the framing and install each the gypsum panel product to the channels. This creates a ceiling system that provides better structural isolation between the framing and the gypsum panels. A percentage of the movement inherent in the framing is absorbed in the metal leg of the channel without passing into the panel, thereby minimizing the possibility of cracking.
2. Orienting resilient channel perpendicular to the trusses results in the fewest edge joints of the gypsum panel product being oriented parallel to the long dimension of the ceiling where the joints are most subjected to the compressive and tensile forces created as the trusses or joists deflect.
3. Resilient channels are spaced 16" o.c. as usual to the 24" o.c. spacing of the trusses or joists. This provides additional framing support for the attachment of drywall thereby improving the strength of the gypsum wallboard system as the edges of ceiling panels cracking.
4. Where the gypsum joists change direction of the roof, channels should be installed to avoid one direction on ceilings by adding a small amount of blocking. This resulting drywall joint will span truss direction changes and lead to a more uniform finish.

12 Steps	Promises
Here are the steps we took which are suggested as a program of recovery	*If we are painstaking about this phase of our development...*
1. We admitted we were powerless over alcohol - that our lives had become unmanageable.	1. We will be amazed before we are half way through
2. Came to believe that a Power greater than ourselves could restore us to sanity	2. We are going to know a new freedom and a new happiness
3. Made a decision to turn our will and our lives over to the care of God as we understood Him	3. We will not regret the past nor wish to shut the door on it
4. Made a searching and fearless moral inventory of ourselves.	4. We will comprehend the word serenity and we will know peace
5. Admitted to God, to ourselves, and to another human being the exact nature of our wrongs.	5. No matter how far down the scale we have gone, we will see how our experience can benefit others
6. Were entirely ready to have God remove all these defects of character	6. That feeling of uselessness and self-pity will disappear
7. Humbly asked Him to remove our shortcomings	7. We will lose interest in selfish things and gain interest in our fellows
8. Made a list of all persons we had harmed, and became willing to make amends to them all.	8. Self-seeking will slip away
9. Made direct amends to such people wherever possible, except when to do so would injure them or others	9. Our whole attitude and outlook upon life will change
10. Continued to take personal inventory and when we were wrong promptly admitted it.	10. Fear of people and of economic insecurity will leave us.
11. Sought through prayer and meditation to improve our conscious contact with God as we understood Him, praying only for knowledge of His will for us and the power to carry that out.	11. We will intuitively know how to handle situations which used to baffle us
12. Having had a spiritual awakening as the result of these steps, we tried to carry this message to alcoholics, and to practice these principles in all our affairs.	12. We will suddenly realize that God is doing for us what we could not do for ourselves
"any of us exclaimed 'What an ordeal I can't go through with it.' Do not be discouraged. No one among us has been able to maintain anything like perfect adherence to these principles	*Are these extravagant promises? We think not. They are being fulfilled among us - sometimes quickly, sometimes slowly. They will always materialize if we work for them*

TODAY'S OPINION

Hitchcock

Hitchhiking has gone the historical past. Back in the 1940's many soon-to-be servicemen hitched aboard vans, trucks, trains and any other means of transportation to get to the nearest enlistment station. During the 1960's, free spirits and concert goers did the same by going to the enlistment offices was the last place on their minds. Then in the 1970's and 80's hitchhiking became a dangerous thing to do for both parties. It was learned that any train to never hitchhike or pick-up hitchers. Here those times passed? Would you pick up a hitchhiker these days?

What's Your IQ?

Albert Einstein, in essence, is to the process of meeting his maker.

How are you, Professor? My name is Dave and my IQ is 170.

"Dave, says Einstein, that means that we will be able to discuss time travel."

"You bet," says the second man, "and my IQ is 155."

"Good," says the great physicist, "that means we will be able to discuss mathematical theory."

"My name is Bob," says the third man, "and my IQ is 135."

Einstein says, "Very good. We will be able to talk of art, social issues and culture."

"I'm honored to meet you, says the fourth man, "but my IQ is only about 4."

"That's alright," says Einstein. "Tell me are you planning to run for office in here too?"

READERS RESPONSE

Solo : I Dare

"Yes, I dare me. Anyone who believes in the supernatural, or the paranormal, is so goofy and eccentric to Michael Jackson was. Just look up your newspaper today and look at all the obituaries. There's dozens and no one knew these people. Heck, you may even know these folks that make it spooky! Look—one morning you (your first name and maiden) is somewhere around. Oh, let's say ... 100 PERCENT! You all with me, and maybe there at a time. It's just nature being nature."

Evan Lansley's for Legend

"Trade it for your garden at the shop it comes to more in the hardest, depending upon how big the city is.

Evan Jambalaya Shoppe for Soul

The MJ Gang wasn't there. It was about us. It was the deadliest time for minors and fortune people in recorded history. They'd have and a better chance fighting with Capt. Sig in Alaska.

Evan Lansley's for Who's Counting

"There have been many, many celebrity deaths since 2000 and you honestly say that the majority, or even any of them, came in sets of three. It is only natural when it happens on that rare occasion. Bobby Rice Blood and Tony Sagrano died more each other than others were the third one? The imagination can run wild when one has very little to do or way too much free time. Let's worry about important things."

Adobe Acrobat PDF Files

Adobe® Portable Document Format (PDF) is a universal file format that preserves all of the fonts, formatting, colours and graphics of any source document, regardless of the application and platform used to create it.

Adobe PDF is an ideal format for electronic document distribution as it overcomes the problems commonly encountered with electronic file sharing.

- *Anyone, anywhere* can open a PDF file. All you need is the free Adobe Acrobat Reader. Recipients of other file formats sometimes can't open files because they don't have the applications used to create the documents.
- PDF files *always print correctly* on any printing device.
- PDF files always display *exactly* as created, regardless of fonts, software, and operating systems. Fonts, and graphics are not lost due to platform, software and version incompatibilities.
- The free Acrobat Reader is easy to download and can be freely distributed by anyone.
- Compact PDF files are smaller than their source files and download a page at a time for fast display on the Web.

Adult Winter Reading Program

This year's Adult Winter Reading Program is "Tour de Wichita," a celebration of Wichita through reading. It will begin on January 4 and last until March 18. Here is how it works:

There are 15 Wichita sites or stops along the tour, that represent prominent agencies in Wichita and each one represents a category of reading

- Sedgwick County Zoo – animals
  Botanica – gardening, nature
  Cowtown – Westerns
  Wichita Art Museum – visual arts
  Lawrence-Dumont Stadium – sports
  Airport – World history / travel and world literature
  Exploration Place – science, science fiction
- Wichita Symphony – music, romance (both are represented here)
- Century II – performing arts
  WSU – education-related (books involving schools, teachers, or how we learn)
- Sedgwick County Courthouse – legal thrillers
- Wichita City Hall – political
  Wichita-Sedgwick County Historical Museum – history, historical fiction
  McConnell Air Force Base – military
  Wichita Public Library – wild card

Participants 18 and up are asked to read books in 5 books in 5 DIFFERENT categories to complete a tour, with a maximum of 3 tours possible. Each tour must have 5 unique categories (1 book for each), although subsequent tours may re-use a category from a previous tour. Adult books are the focus, but any book of 100 pages or more that is read DURING the Jan. 4-Mar. 18 window is acceptable. After completing tours, prizes are as follows:

- Tour 1 – a $3 Friends of the Library Book Store coupon
- Tour 2 – an imprinted "Tour de Wichita" sports bottle
- Tour 3 – a grand prize drawing entry (chosen to correspond to some of the categories above):
  - Wichita Public Library – be on a READ poster
  - Botanica – 4 free passes
  - Wichita-SG County Historical Museum – free pass and a Magic City book
  - Wichita Art Museum – family four pack
  - Exploration Place Museum – signed copy of Neal Stephenson's *Seveneves*
  - Courthouse – signed copy of Sandra Brown's *Friction*
  - Old Cowtown Museum – one year Family Pass to Cowtown
  - Sedgwick County Zoo – 2 individual passes

Tour de Wichita flyers with rules & entry form will arrive in branches in the week before New Year's, but **they are not available to give out to customers until Monday, January 4.** In addition, prize coupons and sports bottles will be sent out as well.

Customers can participate in one of two ways: Paper or Evanced.

PAPER.
Staff will explain the program and offer to register them through Evanced. Registration can be done in the staff version of Evanced (or may also be done using the customer version). Registrations in advance of

K1 FREQUENTLY ASKED QUESTIONS AND ANSWERS (3/05/12)

Q Are the cash distributions I received from the Partnership taxable?

A In general cash distributions received from the partnership are not taxable. You are required to report in your tax return only those items of income gain loss deduction or tax credit as reflected on your Schedule K 1. However if the cumulative cash distributions received from the Partnership exceed your tax basis in the partnership you would have a taxable gain to report. You should consult your tax advisor for proper reporting of such gain.

Q Why is the amount of cash I received different from my allocable share of partnership income gain loss, deduction or credit?

A The Partnership distributes available cash as determined by the Partnership agreement. The calculation of cash available for distribution differs from the calculation of taxable income to be reported to the partners. For example depreciation is an expense that reduces taxable income reported to the partners but does not reduce cash available for distribution.

Q Why do I receive Schedule K-1 rather than a Form 1099?

A Form 1099 is used to report interest and dividend income. Partnerships are required to separately report many different items of income gain loss deduction and credit. Federal tax law requires these items to be reported on a Schedule K 1.

Q Why don't I receive my Schedule K 1 by January 31 which is the same date as required for distribution of Forms 1099?

A The required distribution date for Schedule K 1 is different than for Forms 1099. Federal law requires partnerships to provide Schedule K 1 to partners as early as April 15. However the Partnership strives to provide Schedule K 1 as early as possible typically during the middle of March. The Partnership must obtain information regarding partnership units bought or sold during the year from stock brokerage firms or transfer agents to prepare the Schedule K 1. Much of the information in accordance with applicable law is not provided to the Partnership until late January. A cursory review of this information is performed and then processed with other K 1 information resulting in printing and mailing during March.

Q If I sell my Partnership units, how is my tax basis determined for computing gain or loss?

A Your tax basis is the original amount paid for the partnership units, adjusted as follows:
Increased by the cumulative amounts of income and gain reported to you on Schedule K 1
Reduced by the cumulative amounts of loss deduction and credit reported to you on Schedule K 1
Reduced, but not below zero, by the cumulative amounts of cash distributions received from the Partnership

Q Does the Schedule K 1 show my tax basis in Partnership units?

A No. However the Schedule K-1 Item N Partner's Capital Amount Analysis may provide an approximation of your ending tax basis for all units owned at December 31. The amount reflected in Ending Capital Account includes your original cost of units as reported to the Partnership by your broker and other adjustments affecting tax basis. However brokers do not always report original cost to the Partnership or the original cost reported may be incorrect. When brokers do not report original cost to the Partnership the low closing price for the month in which you purchased units is assumed to be the cost. This assumption or incorrect reporting by the broker can cause this end of year amount to be different than your actual tax basis at December 31. For questions about your tax basis please consult your tax advisor.

Q If I sell my partnership units at a gain, why is part of the gain treated as ordinary income rather than capital gain?

A A sale of partnership units is treated as if there was a sale of the partner's allocable share of each of the Partnership's assets. Gain on the sale of assets for which depreciation or depletion deductions have been taken may be treated as ordinary income rather than capital gain. The ordinary income on sale of units represents the depreciation and depletion deductions previously allocated to you.
